Visit booth #1049 to explore ORLADEYO® real-world data and to speak with a representative

Ready to learn more?

Hear from a physician expert as he discusses clinical insights and real-world experience with ORLADEYO. Join us on Saturday, November 12, at 11:35 AM in product theater #3.

Lunch will be offered. Intended for US healthcare professionals only.

The product theater content and views expressed therein do not necessarily reflect the views, policies, or positions of the American College of Allergy, Asthma, and Immunology.

The American College of Allergy, Asthma and Immunology recognizes the indispensable role that health care companies play in furthering the mission of the College. ACAAI would like to thank the following companies for their generous support of this year’s Annual Meeting.

**ACAAI Premier Partners**

**Diamond**

$500,000 and above

Sanofi and Regeneron

**Platinum**

$300,000 – $499,999

AstraZeneca
DBV Technologies
GSK
Takeda

**Gold**

$100,000 – $299,999

AbbVie
Aimmune Therapeutics
Amgen and AstraZeneca
Genentech, a member of the Roche Group
Incyte Corporation
Pfizer, Inc.
Pharming Group NV
Stallergenes Greer
Teva Pharmaceuticals

**Silver**

$50,000 – $99,999

ALK-Abelló, Inc.
Amgen
BioCryst Pharmaceuticals, Inc.
Covis Pharma US
Novartis Pharmaceuticals Corporation
Optinose

Welcome to Louisville

On behalf of the Program Committee, welcome to the 2022 ACAAI Annual Scientific Meeting! We’ve got an exceptional experience planned for you this year.

The vibrant city of Louisville is the backdrop for cutting edge presentations and the latest science from accomplished experts in our field. The Annual Meeting Program Committee has developed outstanding sessions with Podium to Practice™ tips that can be quickly integrated into your practice.

The International Food Allergy Symposium returns to the Thursday program this year beginning with a full day of groundbreaking topics and ending with a spirited set of debates (and refreshments).

Saturday’s Presidential Plenary will continue the targeted focus on food allergy and will be a highlight of the meeting!

Be sure to attend the Literature Review (including a new speaker or two!), the Practice Management Program, the Allied Health and Advanced Practice Courses, and of course the FIT Bowl.

General meeting session topics include our popular Dermatology Jeopardy session (with some new additions), 7 for 11 pediatric update, mastering biologics used in atopic conditions, remote patient monitoring in allergy care, treatment of non-TH2 asthma, hands-on workshops that will offer the education needed to improve and expand your services, and so much more.

The President’s Welcome Reception will be held at the amazing and historic Churchill Downs Racetrack. Buses begin departing at 5:40 pm from the Omni Louisville, Louisville Marriott Downtown, Hyatt Regency and Seelbach Hilton hotels.

You do not want to miss it!

As always, the ACAAI Annual Meeting is a fantastic place to catch up with friends and colleagues and we look forward to welcoming you to Louisville.

Brian T. Kelly, MD, MA, FACAAI
Annual Meeting Program Chair
Thank you to the 2022 ACAAI Corporate Council Members

Assumption of Risk

Although the risk from COVID-19 appears to be lower than in the past, participating in the Annual Scientific Meeting carries risk due to the contagious nature of the COVID-19 virus. All attendees agree to release ACAAI and the Annual Meeting venues from any liability related to their participation according to terms set forth in the Annual Meeting registration materials. In addition, attendees must agree to follow all required health and safety guidelines, protocols, policies, regulations, and mandates relating to attendance at the Annual Meeting, including, but not limited to, Centers for Disease Control guidelines, statutes, regulations, and other mandates applicable to the State of Kentucky and the City of Louisville, as well as any additional requirements imposed by ACAAI or an Annual Meeting venue (regardless of whether federal, state, or local laws allow otherwise).

Attendees must monitor their own health status and are not allowed to attend meeting sessions/events if symptomatic of COVID-19 or believe they have been exposed to someone with COVID-19.

An attendee’s failure to comply with required safety protocols or follow the direction of ACAAI staff on site may result in the loss of their right to attend or participate in the Annual Meeting, including forfeiture of any registration fees paid.
The College is proud to honor the following individuals for their service to the College and the specialty of allergy/immunology. The Gold Headed Cane Award will be presented during the Opening Ceremony at 7:20 am, Saturday. All other awards will be presented during the ACAAI Business Meeting 4:30 pm, Sunday. Both sessions will be held in Ballroom ABC of the Kentucky International Convention Center.

2022 Award Winners

Distinguished Fellow Awards

**David I. Bernstein, MD, FACAAI**
Professor Emeritus of Medicine, Division of Immunology and Allergy, University of Cincinnati College of Medicine
Cincinnati, OH

**William S. Silvers, MD, FACAAI**
Clinical Professor of Medicine, Allergy, Clinical Immunology and Faculty Affiliate of the Center for Bioethics and Humanities at University of Colorado, Anschutz Medical Campus
Denver, CO

International Distinguished Fellow Award

**M. Antonella Muraro, MD, PhD**
Chief, Food Allergy Referral Center at Padova University Hospital; Professor of Food Allergy at Padova University School of Medicine
Padova, Italy

Distinguished Service Awards

**John R. Seyerle, MD, FACAAI**
Private practice at Allergy and Asthma Care
Cincinnati, OH

**Bill Finerfrock**
Former President
Capitol Associates
Washington, DC

**Lelia Sublett**
Co-president, Alliance of the ACAAI
Anchorage, KY

Executive Medical Director Award

**Katerina Barcal, MPH**
ACAAI Director of Administration
Arlington Heights, Illinois

Woman in Allergy Award

**Vivian P. Hernandez-Trujillo, MD, FACAAI**
Founder, Allergy and Immunology Care Center of South Florida
Miami Lakes, FL
2022 Award Winners

General Information

**Gold Headed Cane Award**

James L. Sublett, MD, FACAAI  
Co-founder and Chief Medical Officer  
Family Allergy & Asthma  
Louisville, KY  

The Gold Headed Cane Award will be presented during the Opening Ceremony at 7:20 am, Saturday.

Clemens von Pirquet Awards

**First Place**  
Kelly K. Boyd, MD  
University of Virginia  
Charlottesville, Virginia

**Second Place**  
Prudhvi Regula, MD  
Albert Einstein College of Medicine / Montefiore Medical Center  
Bronx, New York

**Third Place**  
Michael D’Netto, MD  
Mayo Clinic  
Rochester, Minnesota

The Allergists’ Foundation Community Grant Awards

**Sara Anvari, MD, MSc, FACAAI**  
*Project Title:* Improving Access to Allergy Specialty Care in Houston Through a Novel Penicillin Allergy Stewardship Program

**Kelsey Kaman, MD**  
*Project Title:* Learning Educators’ Anaphylaxis Response Needs: Optimizing the Safety of Children in Head Start

**Gerald B. Lee, MD, FACAAI**  
*Project Title:* A Quality Improvement Project to Reduce Food Allergy IgE Panel Utilization

**Lulu Tsao, MD**  
*Project Title:* Promoting Evidence-Based and Equitable Penicillin Allergy Evaluation Among Pregnant Patients

**Jessica Macdougall, MD, MS (Fellow-in-Training)**  
*Project Title:* Food Allergy Transitions of Care for the Adolescent Population

These awards are made possible thanks to generous donations from College members and support by GSK.
ACAAI appreciates the following promotional contributions from its corporate supporters.

Abbvie
Supporter of the ACAAI Corporate Council…a Non-CME Corporate Forum…graphic wall…convention center wall banners…convention center lightboxes…and four pre-meeting email banner advertisements.

ADMA Biologics
Supporter of a Product Theater.

Aimmune Therapeutics
Supporter of the ACAAI Corporate Council…College Insider…a Non-CME Corporate Forum…FIT Scholarships…Allied Health Professionals Networking Reception…President’s Welcome Reception…Advance Registrants Brochure…and the hotel restaurant and lounge promotion.

ALK-Abelló, Inc.
Supporter of the FIT and Program Directors’ Breakfast…and FIT Scholarships.

Allakos, Inc.
Supporter of an advertisement in the final program guide.

Amgen
Supporter of the ACAAI Corporate Council…and Tezspire Prior Authorization Letter.

Amgen and AstraZeneca
Supporter of a Product Theater…the mobile app…graphic wall…exhibit hall directional display…signage in the convention center…hand sanitizing stations…hand sanitizer bottles…hotel floor clings…Twitter content…and two pre-meeting email banner advertisements…and the Leadership Summit.

AstraZeneca
Supporter of the ACAAI Corporate Council…Allergy and Asthma Awareness Toolkit…two Product Theaters…two Non-CME Corporate Forums…Twitter content…and a pre-meeting email banner advertisement…and a refreshment break…and signage in the convention center…and a graphic wall.

Bayer
Supporter of Twitter content.

BioCryst Pharmaceuticals, Inc.
Supporter of a Product Theater…and an advertisement in the final program guide…and a pre-meeting email banner advertisement…and Twitter content…and WI-FI in the convention center…and a refreshment break.

Blueprint Medicines
Supporter of a Product Theater.

Covis Pharma US
Supporter of the ACAAI Corporate Council.

DBV Technologies
Supporter of the ACAAI Corporate Council…a Product Theater…FIT Bowl…badge lanyards…and the Board of Regents’ Dinner.

Eli Lilly and Company
Supporter of the ACAAI Corporate Council.

Genentech, a member of the Roche Group
Supporter of the ACAAI Corporate Council…a CME Webinar on State of the Art Food Immunotherapy…and a Product Theater.

Genentech and Novartis Pharmaceuticals Corporation
Supporter of a graphic wall…and signage in the convention center.

GSK
Supporter of the ACAAI Corporate Council…The Allergists’ Foundation Community Grant Program…and a Non-CME Corporate Forum…three Product Theaters…three sets of park benches…and signage in the convention center…and convention center window clings…and sanitizing smartphone charging stations…and airport baggage claim digital network…and two advertisements in the final program guide.

Incyte Corporation
Supporter of the ACAAI Corporate Council…and a Non-CME Corporate Forum…and Twitter content.

Merck & Co., Inc.
Supporter of the ACAAI Corporate Council.

Novartis Pharmaceuticals Corporation
Supporter of the ACAAI Corporate Council.

Optinose
Supporter of the ACAAI Corporate Council…and a Product Theater.

Pfizer, Inc.
Supporter of the ACAAI Corporate Council…and a CME Podcast Series on Moving Towards Equity: Disparities in Atopic Dermatitis…and a Product Theater.

Pharming Group NV
Supporter of the ACAAI Corporate Council…and a Product Theater…and Twitter content…and hotel key card…and FIT Scholarships.

Sanofi and Regeneron
Supporter of the ACAAI Corporate Council…
AllergyWatch…three Product Theaters…three Non-CME Corporate Forums…Women in Allergy Luncheon…Annual Meeting Daily e-Newsletter…Twitter content…ePosters…signage in the convention center…a convention center banner…branded floor clings in the convention center…escalator clings in the convention center…column wraps…two graphic walls…exhibit aisle markers…hotel window clings…Racial Disparities Resource Center…Biologics Cheat Sheet Update…FIT Scholarships…FIT Toolkit…FIT Board Review Corner Question Bank…Eczema page on ACAAI website…Chronic Hives page on ACAAI website and Spanish-language translation…pediatric asthma online content update and Spanish-language translation…Pediatric Asthma Patient Education Brochure and Spanish-language translation of the Brochure…Pediatric Asthma Patient Education Video Digital Ad Campaign…Spanish-language version of the Pediatric Asthma Patient Educational Video and Digital Ad Campaign…Spanish-language translation of EoE page on ACAAI website…Find an Allergist Locator…the Non-CME Podcast Series on Moving Towards Equity: Disparities in CRSwNP…the Non-CME Podcast Series on Severe Pediatric Asthma…the Non-CME Webinar on Meeting the Challenges of Severe Pediatric Asthma…and the CRSwNP eYardstick.

Stallergenes Greer
Supporter of the ACAAI Corporate Council…and the FIT and Program Directors’ Luncheon.

Takeda
Supporter of the ACAAI Corporate Council…a pre-meeting email banner advertisement…seated lounge area…digital signage at the convention center…daily schedule display…convention center door clings…and two convention center banners.

Teva Pharmaceuticals
Supporter of the ACAAI Corporate Council…a Product Theater…and partial support of the President’s Private Dinner.

Corporate Supporters (continued)

ALK-Abelló, Inc.
Supporter of the Friday Breakfast Symposium: AACA: Should It Be SCIT or SLIT: An Adventure Into the World of the AIT 2022 Allergy Proceedings Primer.

Chemotechnique Diagnostics / Dormer Laboratories Inc.
In-kind support consisting of disposable supplies for the Saturday Hands-on Workshop on Patch Testing 101: Basics of Patch Testing…and the Saturday Hands-on Workshop on End Game: Calling all Patch Test Experts.

DBV Technologies
Supporter of the Thursday International Food Allergy Symposium.

Genentech, a member of the Roche Group
Supporter of the Monday Symposium on Advances in Food Allergy Immunotherapy…and co-supporter of the Sunday Symposium on Updates on Urticaria and Advice on Angioedema.

Incyte Corporation
Partial support of the Friday Symposium on Atopic Dermatitis: Triggers, Mimics and Treatments…and the Saturday Symposium on Hot Topics and Practical Pearls in Dermatology.

Koru Medical Systems
In-kind support consisting of disposable supplies for the Friday Hands-on Workshop on SQ Immunoglobulin Infusion.

Optim LLC
In-kind support consisting of disposable supplies for the Sunday Hands-on Workshop on Performing a Rhinolaryngologic Exam.

Sanofi and Regeneron
Supporter of the Saturday Symposium on Mastering Biologics Used in Atopic Conditions.

SmartPractice
In-kind support consisting of disposable supplies for the Saturday Hands-on Workshop on Patch Testing 101: Basics of Patch Testing…and the Saturday Hands-on Workshop on End Game: Calling all Patch Test Experts.

Stallergenes Greer
Supporter of Sunday’s Allergen Mixing in the Allergist’s Office.

Takeda
Supporter of the Friday Hands-on Workshop on Facilitated SQ Immunoglobulin Infusion…and co-supporter of the Sunday Symposium on Updates on Urticaria and Advice on Angioedema.
Join Us for Upcoming Expert-Led Medical Programs

Exploring Difficult-to-Treat Asthma: A Series of Case-Based Discussions
Non-CME Corporate Forum

**Program Description**
Join experts for an interactive discussion and review of clinical challenges presented by uncontrolled, difficult to treat and severe asthma, often complicated by comorbidities.

Case discussions will review clinical presentation and evidence-based guidelines to improve understanding of when to optimize inhaled therapy versus add a biologic to improve patient outcomes.

**Speakers**

Brian Modena, MD, MSc  Diego Maselli, MD

Friday, November 11, 2022
8:00 – 10:00 PM ET
Omni Louisville Hotel
Olmsted Ballroom Salon 4 (Level 2)

Navigating Complex Cases in Rare Eosinophilic Diseases: EGPA and HES
Non-CME Product Theater

**Program Description**
Eosinophilic granulomatosis with polyangiitis (EGPA) and hypereosinophilic syndrome (HES) are rare eosinophilic disorders that may present similarly and present a diagnostic challenge.

Join an expert allergist-immunologist for a case-based discussion that will highlight the role of multidisciplinary collaboration in facilitating and expediting the diagnosis and management of these heterogeneous diseases.

**Speaker**

Thanai Pongdee, MD

Saturday, November 12, 2022
2:35 – 3:00 PM ET
Product Theater 2
Exhibit Hall (2nd Floor)
Admission by Badge Only
Admission to all meeting rooms and the exhibit area will be by badge only. This rule will be strictly enforced by security guards at all entrances. Note: Children under 12 are not admitted to the scientific sessions or the exhibit area.

Badges Designations
Blue: Member/Fellow Physicians
Purple: Non-member Physicians
Green: Nurses/Allied Health
Lime: Fellows-in-Training/Residents
Orange: Non-Physicians
Red: Technical Exhibitors
Teal: Spouses/Guests
Lt Orange: Press
Fuchsia: Staff
Gray: Meeting Technicians
Replacement badges – $10.00 each

Alliance Hospitality Suite
The Alliance Hospitality Suite – located in Commonwealth Ballroom Salons 2 & 3 (Level 2) of the Omni Louisville Hotel – hosts a variety of social events and programs for registered spouses and guests only from 8:00 – 10:30 am, Friday through Sunday. See page 85 for additional information.

Annual Meeting Website
Maximize your time at the meeting! Find schedules, download handouts and access all the information you need at annualmeeting.acaai.org.

Audience Response System – ARS
Sessions designated as ARS use our audience response system. To participate, select ARS from the meeting app menu or go to acaai.cnf.io. Select the session and the poll will appear when activated by the speaker.

Capturing NPI Numbers
As part of the health care reform legislation signed into law in March 2010, the Physician Payment Sunshine Act requires medical device, biologic and drug companies to publicly disclose gifts and payments made to physicians. To help our ACAAI Annual Scientific Meeting exhibitors and industry partners in fulfilling the mandatory reporting provisions of the Sunshine Act, the College is requesting U.S. health care provider attendees to supply their 10-digit NPI (National Provider Identifier) number when registering for the Annual Scientific Meeting. The NPI will be embedded in the bar code data on the attendee’s badge – it will NOT be printed on the badge. Exhibitors can download the NPI information by scanning the badge through a lead retrieval system so that they can record and track any reportable system transactions.

Child Care Services
Note: Children under 12 are not admitted to the scientific sessions or the exhibit area. Please contact the concierge at the hotel where you are staying for a list of bonded independent babysitters and babysitting agencies.

Coat/Luggage Check
A complimentary coat/luggage check is located in the Main Concourse (near the entrance) of the Kentucky International Convention Center and will be available:

<table>
<thead>
<tr>
<th>Hours</th>
<th>Thursday: 7:00 am – 6:30 pm</th>
<th>Friday: 6:00 am – 6:30 pm</th>
<th>Saturday: 6:00 am – 6:00 pm</th>
<th>Sunday: 6:15 am – 6:00 pm</th>
<th>Monday: 7:00 am – 1:00 pm</th>
</tr>
</thead>
</table>

College Resource Center
Stop by the College Resource Center, located at Booth #901 in the Exhibit Hall (Upper Concourse) of the Kentucky International Convention Center, to get connected and learn about ongoing College resources, programs, Vision Forward, The Allergists’ Foundation and more.

In addition, you can learn more about what’s available online in the College Learning Connection and Practice Management Center.

| Hours | Friday: 2:00 – 6:00 pm | Saturday: 9:00 am – 4:30 pm | Sunday: 9:00 am – 1:30 pm |
**NEW THIS YEAR!**

**Complimentary On Demand Access to Continuing Assessment Program (CAP) Review**

Participants are offered complimentary access to prerecorded CAP Review presentations through the College Learning Connection.

The CAP Review is a literature-style review covering most of the articles chosen by the ABAI for the current six-month cycle of the CAP. The online presentations focus on key aspects of the study design, results and implications for practice. The goal of this session is to help prepare attendees for the first cycle of the ABAI CAP program.

**Credit Claiming**

For your convenience, the College will be using an online evaluation and credit claiming system for the 2022 Annual Scientific Meeting. This system will allow you to complete evaluations and claim credit for sessions attended. After completing an Annual Meeting evaluation, you will be able to save and/or print your certificate.

Kiosks to claim credit during the meeting are located in the Main Concourse outside the Ballroom of the Kentucky International Convention Center. Complete details can be found on page 20.

**Disclaimer**

The primary purpose of the ACAAI Annual Scientific Meeting is educational. Information, as well as technologies, products and/or services discussed, is intended to inform participants about the knowledge, techniques and experiences of specialists who are willing to share such information with colleagues. A diversity of professional opinions exists in the specialty and the views of the College disclaim any and all liability for damages to any individual attending this conference and for all claims which may result from the use of information, technologies, products and/or services discussed at the conference.

**Doctors’ Job Fair**

Looking for new opportunities, an associate for your group or a buyer for your practice? The Doctors’ Job Fair brings together all interested parties seeking or offering professional opportunities.

This unique program is scheduled on Saturday from 11:30 am – 3:00 pm in the Exhibit Hall of the Kentucky International Convention Center. Representatives of clinics, groups and physicians’ offices looking for associates will be among those conducting interviews, which will be held in semi-private draped booths.

**ePosters**

ePosters provide an engaging and interactive visual presentation of abstracts and allow for online access with full search capabilities. Each presenting author has a 10 – 15-minute presentation slot in which the author will present their research from a dedicated presentation monitor and answer questions.

Check the ACAAI Annual Meeting website for presentation times. ePosters also are accessible at [https://epostersonline.com/acaai2022/](https://epostersonline.com/acaai2022/) and via the meeting app during the conference.

The ePosters will be on display in the Exhibit Hall (Upper Concourse) and will be assigned to monitors by category. When ePosters are not being presented, the monitors are self-service for searching and viewing ePosters.

Monitors 1 – 8: Medically Challenging Cases – hear about unusual cases.

Monitors 9 – 17: Scientific Research – learn about the latest studies.

Hours:  
Friday: 3:00 – 6:00 pm, Meet the Authors  
Saturday: 9:35 – 10:00 am, On Demand Viewing  
11:35 am – 1:00 pm, Meet the Authors  
2:35 – 3:00 pm, On Demand Viewing  
Sunday: 9:35 – 10:00 am, On Demand Viewing  
11:35 am – 1:00 pm, Meet the Authors  

ePosters go live online at 9:30 am ET on Thursday, November 10, and are accessible online and on demand. Search for specific topics or browse at your leisure.

ePosters are accompanied with audio/video submissions detailing each abstract. ePosters will remain viewable on demand for six months following the Annual Meeting at [https://epostersonline.com/acaai2022/](https://epostersonline.com/acaai2022/).

Supported by Sanofi and Regeneron
Emergency
In the event of an emergency, please call the Department of Public Safety at (502) 595-4362 from your mobile phone. The Department of Public Safety will respond and dispatch EMT or call 9-1-1 and escort them to the area.

Exhibit Hall
More than 90 technical and scientific exhibitors in more than 279 booths are displaying their latest products in the Exhibit Hall of the Kentucky International Convention Center during the Annual Meeting. The College appreciates the support of its exhibitors and urges all registrants to visit the booths.

Hours:
- Friday: 2:00 – 6:00 pm
- Saturday: 9:00 am – 4:30 pm
- Sunday: 9:00 am – 1:30 pm

First Aid
A First Aid station is located in the Main Concourse by Ballroom E in the Kentucky International Convention Center during the following hours:

Hours:
- Thursday: 7:00 am – 6:30 pm
- Friday: 6:00 am – 6:30 pm
- Saturday: 6:30 am – 6:00 pm
- Sunday: 6:30 am – 6:00 pm
- Monday: 7:00 am – 1:00 pm

Food Outlets
There are two food and beverage outlets at the Convention Center that will be open during the meeting. Please note that the Convention Center is a cashless facility and will only accept credit and debit cards.

Oak & Brew
(located on Main Concourse by Ballroom DE)

Hours:
- Thursday: 7:00 am – 5:00 pm
- Friday: 7:00 am – 4:00 pm
- Saturday: 7:00 am – 4:00 pm
- Sunday: 7:00 am – 4:00 pm

Exhibit Hall

Hours:
- Friday: 11:00 am – 2:00 pm
- Saturday: 11:00 am – 2:00 pm
- Sunday: 11:00 am – 2:00 pm

The Allergists’ Foundation
The Allergists’ Foundation, the College’s philanthropic arm, funds research that aims to remove barriers to allergy care, improve patient health outcomes and ensure the well-being of our communities. We are proud to recognize those individuals who have generously supported the work of the Foundation. A list of our top donors can be found on the Foundation Honor Display located on the Upper Concourse of the Kentucky International Convention Center.

Anyone who makes a donation during the Annual Meeting is being recognized with an “I Gave in Louisville” sticker:

The Allergists’ Foundation invites everyone to join us in this critical investment in our specialty by making a gift in support of the Community Grants Program. Your support can make all the difference toward empowering practicing allergists and ensuring richer, fuller lives for our patients!

Text “allergists” to 50155 or scan the code to make a donation. Visit us at the College Resource Center (Booth #901) to pick up your sticker and learn more about the Community Grant Program.

Scan to make a donation, or visit us at the College Resource Center (Booth #901) to learn more.

Handouts
Session handouts are available for download online at annualmeeting.acaai.org and through the meeting app.

Health & Safety
The safety and well-being of all ACAAI Annual Meeting attendees and exhibitors is a top priority of the College. We are closely monitoring the situation related to COVID-19 and plan to adhere to the Centers for Disease Control (CDC) guidelines, along with any federal, state and local government mandates in place at the time of our meeting.
Livestream Sessions
Select sessions from our Main Program, the Thursday International Food Allergy Symposium and the Friday Annual Literature Review will be broadcast in real time to our Livestream registrants. In addition to viewing the presentations and streaming audio and video, our Livestream registrants can submit questions to speakers and chat with other Livestream attendees. Visit annualmeeting.acaai.org/livestream.cfm or see page 32 for details.

Lost and Found
In the event that you have lost or found a personal belonging, please visit the ACAAI Registration Desk located on the Upper Concourse – South Pre-Function of the Kentucky International Convention Center, to either turn in or report a lost item.

Discover what there is to see and do in Louisville at gotolouisville.com.

Meeting App
Maximize your time at the meeting with the free ACAAI Annual Scientific Meeting app. Check the schedule, connect to Q&A, jump on social media and more. To download, search for ACAAI in your app store.

Meeting On Demand
The recorded educational sessions from the 2022 Annual Meeting will be hosted on the College Learning Connection website. On Demand courses will be available to all registrants following the meeting. Go to annualmeeting.acaai.org/ondemand.cfm for more information.

Networking Goes Viral: #ACAAI22
Be a part of the Annual Meeting conversation! Use #ACAAI22 in your meeting-related tweets and follow the College @ACAAI. Also, share Facebook posts from facebook.com/TheACAAI.

Non-CME Corporate Forums
These non-CME commercial presentations and promotional sessions are organized by industry and designed to enhance your meeting experience. All attendees are invited to attend these sessions. Non-CME Corporate Forums are scheduled at the end of each day on Thursday, Friday and Saturday at the Omni Louisville Hotel. Please see pages 80-82 for additional information.

Nursing/Lactation Room
The Kentucky International Convention Center has a Nursing/Lactation room located on the Main Concourse in the Boardroom Lobby across from Oak and Brew (please check in with receptionist in the Administrative Offices to gain access).

Photography/Video Recordings
By registering for this meeting, attendees acknowledge and agree that ACAAI or its agents may take photographs during events and may freely use those photographs in any media for College purposes, including, but not limited to, news and promotional purposes. The presentations, slides and materials provided in this program are the property of the College or are used with permission of the owner. You may not photograph, videotape, audiotape or otherwise record or reproduce any of the presentations without express written permission from the College. Any attendee believed to be violating this restriction will be removed from the session and may be prohibited from participating in future College meetings.

President’s Welcome Reception
All attendees are encouraged to attend the President’s Welcome Reception on Friday, held at Churchill Downs from 6:00 – 7:30 pm. It’s the perfect place to catch up with old friends and make new acquaintances.

Buses will begin departing at 5:40 pm from the Omni Louisville, Louisville Marriott Downtown, Hyatt Regency and Seelbach Hilton hotels.

Supported by Amgen and AstraZeneca

Supported by Aimmune Therapeutics
Product Theaters
These are commercial presentations conducted by exhibiting companies in specially constructed theaters within the Exhibit Hall (Upper Concourse) of the Kentucky International Convention Center. There are four Product Theaters where a limited number of 25-minute and 85-minute sessions will be presented each day during the refreshment and lunch breaks. Product Theaters are non-CME forums organized by industry and designed to enhance your learning experience. Please see pages 86-90 for additional information.

Q&A
All Q&A for sessions will be conducted through the meeting app for our onsite and livestream audience. Just click Q&A on the meeting app or go to acaai.cnf.io. Select your session and click on Ask.

Quiet Reflection Room
Room L002 (Lower Concourse) in the Kentucky International Convention Center has been designated for prayer and meditation and is available for use during meeting hours.

Recorded Presentations
Some sessions will include pre-recorded/taped presentations.

Registration Desk Hours
The Registration Desk is located in the South Pre-Function area on the Upper Concourse of the Kentucky International Convention Center and will be open:
Hours:  
Wednesday: 3:30 – 6:30 pm  
Thursday: 7:00 am – 5:00 pm  
Friday: 6:00 am – 6:00 pm  
Saturday: 7:00 am – 4:00 pm  
Sunday: 7:00 am – 4:00 pm  
Monday: 7:00 am – noon

Speaker Ready Room
The Speaker Ready Room is located in Rooms L007-L008 (Lower Concourse) of the Kentucky International Convention Center and will be open:
Hours:  
Wednesday: 3:00 – 7:00 pm  
Thursday: 7:00 am – 7:00 pm  
Friday: 6:00 am – 6:30 pm  
Saturday: 6:30 am – 6:00 pm  
Sunday: 6:00 am – 6:00 pm  
Monday: 7:00 am – 12:30 pm
All presenters must check into the Speaker Ready Room at least six hours before the start of their presentation.

Special Needs
In compliance with the Americans with Disabilities Act, ACAAI requests that participants in need of special accommodation submit a written request to ACAAI well in advance.

Tracks
To make it easier for participants to identify Annual Meeting sessions that are relevant to their practice, the College has identified nine critical areas for allergy and immunology plus a special ACAAI track.

These nine critical areas make up the Annual Meeting Track System:
• Asthma and Respiratory / Sleep Disorders
• Clinical Immunology and Autoimmune and Biologicals
• Dermatology
• Environmental and Integrative Medicine
• Food & Drug Allergy and GI Disorders
• Immunotherapy and Diagnostics
• Population Health and Infectious Diseases / International Travel
• Practice Management / Professional Issues / Advocacy
• Rhinitis / Sinusitis / Ocular and Anaphylaxis.

View all sessions associated with any of these tracks on the Annual Meeting website.

Wellness Sessions
Start your day off with some light stretching and yoga. These complimentary sessions will take place on Friday, Saturday and Sunday mornings in the Marriott Ballroom Salons VII-VIII (Level 2) at the Marriott Louisville Downtown Hotel.
Friday: 6:45 – 7:30 am  Gentle Sunrise Stretch
Saturday: 6:15 – 7:00 am  Morning Mindfulness
Sunday: 6:45 – 7:30 am  Slow Flow Yoga

Wireless Internet
Complimentary Wi-Fi is provided to all College attendees at the Kentucky International Convention Center.
• Open your wireless network connections
• Connect to the “ACAAI” wireless network
• Enter password: acaai2022

Supported by BioCryst Pharmaceuticals, Inc.
The ACAAI SPARK program was developed to help “spark” an interest in residents who might be considering a career in allergy / immunology. The SPARK program provides $1,500 grants to help cover the expenses for residents (Pediatric, Internal Medicine, or Med-Peds) to spend three days at the ACAAI Annual Meeting. Residents are encouraged to attend a wide variety of sessions covering all aspects of allergy / immunology. With the leadership of the Program Director’s Committee, chaired by Christopher Chang, MD, PhD, MBA, and FIT Representatives Christopher Foster, MD, and Brent Griffin, MD, MPH, each SPARK recipient will have a FIT mentor. You might recognize them by their yellow SPARK ribbon, so please say hello and welcome our 2022 SPARK recipients:

This activity is supported by educational grants from commercial interests. Complete information will be provided to participants prior to the activity. Educational credit will be available to attendees. Complete details about accreditation and credit designation are available online.

**Target Audience**
Medical professionals who treat patients with allergic and/or immunological conditions:
- Practicing Allergist/Immunologists
- Academic Allergists including Training Program and Division Directors
- Allergy/Immunology Fellows-in-Training
- Physician Assistants and Advanced Practice Nurses
- Allied Health Professionals
- Practice Management/Office Administrators
- Primary Care Physicians and other medical professionals

**Overall Educational Objectives**
At the conclusion of this activity, participants should be able to:
- Identify major advances in key areas of cutting-edge research in immunologic mechanisms and allergic responses, including anaphylaxis and pathophysiology of the upper airways, lungs, eyes, skin and gastrointestinal tract.
- Demonstrate knowledge of basic processes linking molecular and cellular biology and genetics with allergic pathophysiology and immunodeficiency.
- Translate emerging clinical science principles to clinical practice in patients with allergic and immunologic diseases.
- Evaluate and implement state-of-the-art diagnostic and therapeutic strategies for treating patients with allergic and immunologic diseases.
- Explain the impact of environmental exposures and external influences on patients with allergic disorders.
- Recognize emerging trends in the prevalence of allergic and immunologic disorders and discuss their impact on public health.
- Evaluate the impact of new diagnostic and therapeutic strategies on health care costs and outcomes.
- Discuss processes, tools and technologies for the efficient allergy and immunology practice.

**Disclosure Statement**
As required by the Accreditation Council for Continuing Medical Education (ACCME) and in accordance with the American College of Allergy, Asthma & Immunology (ACAAI) policy, the College must identify and mitigate any potential conflicts of interest. Disclosure information is reviewed in advance, in order to manage and mitigate any potential conflicts of interest. Disclosure in no way implies that the information presented is biased or of lesser quality; it is incumbent upon course participants to be aware of these factors in interpreting the program contents and evaluating recommendations.

Specific disclosure information for the 2022 Annual Meeting is conveniently located on the Annual Meeting website at [annualmeeting.acaai.org/2022/education_info.cfm](https://annualmeeting.acaai.org/2022/education_info.cfm). There is a link to this web page in the meeting app.

**Accreditation Statements**
The American College of Allergy, Asthma & Immunology (ACAAI) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

**Credit Designation**
The American College of Allergy, Asthma & Immunology (ACAAI) is a provider approved by the California Board of Registered Nursing, Provider Number CEP17239, for 30.25 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This continuing medical education activity has been reviewed by the American Academy of Pediatrics and is acceptable for a maximum of 30.25 AAP credits. These credits can be applied toward the AAP CME/CPD Award available to Fellows and Candidate Members of the American Academy of Pediatrics.

**Advanced Practice Health Care Providers One-Day Course:**
This activity has been designated for up to 6 Continuing Education contact hours.

**Allied Health Professionals One-Day Course:**
This activity has been designated for up to 6 Continuing Education contact hours.

**Maintenance of Certification**
ACAAI will not be designating any 2022 Annual Meeting sessions for MOC Part II Self-Assessment Credit. However, you’ll find other opportunities to earn MOC Part II Self-Assessment credit on the College Learning Connection ([education.acaai.org](https://education.acaai.org)).

IMPORTANT: ABAI’s MOC program requires diplomates to obtain a minimum of 25 CME credits in allergy and immunology each year. CME credits for the Annual Meeting can be used to satisfy this requirement.
Evaluation and Credit Claiming

For your convenience, the College will be using an online evaluation and credit claiming system for the 2022 Annual Scientific Meeting. This system will allow you to complete evaluations and claim credit for sessions attended. After completing an overall meeting evaluation, you will be able to save and/or print your certificate.

Where to access the evaluation and credit claiming system:

At the meeting:
- CME Kiosks located in the Main Concourse outside the Ballroom of the Kentucky International Convention Center
- Personal laptops, tablets and other mobile devices (recommended) at annualmeeting.acaai.org.

After the meeting:
- Online at annualmeeting.acaai.org.

How to log into the evaluation and credit claiming system:

1) Go to annualmeeting.acaai.org.
2) Click the “2022 Claim Credit” button.
3) Log in using your last name and badge ID number.
4) Complete the evaluations and claim your credit for the sessions you attended.
5) Complete the overall meeting evaluation.
6) Save and/or print your certificate.

Please complete the evaluation and credit claiming by December 31, 2022.

Certificates:
- CME Certificates will be awarded to physicians only, per the American Medical Association (AMA PRA Handbook, p. 8).
- Certificates of Attendance will be awarded to any non-physician participants that complete the evaluation and credit claiming.

Visit annualmeeting.acaai.org for additional information.

Replacement Certificates:
Once you have claimed credit for the 2022 Annual Meeting, your certificate will always be available on the College Learning Connection (education.acaai.org). Log in using your College username/password, and click “My Learning” to view your learning transcript.
All programs held at the Kentucky International Convention Center unless otherwise noted.

Committee Meetings

All committee meetings are held at the Kentucky International Convention Center. Members of committees not listed below are encouraged to watch for information about any upcoming meetings from their chair or staff liaison.

HOURS

**Friday**

Noon – 3:00 pm | FIT Bowl Subcommittee* | L013

**Saturday**

6:30 – 7:30 am | Committee Chair and Vice-chair Breakfast* | L026
7:00 – 8:30 am | Annals Editors Meeting* | L013
9:30 – 10:30 am | Population Health Committee | L001
11:30 am – 1:00 pm | GME Program Directors’ Committee* | L026
11:30 am – 1:00 pm | 2023 Annual Meeting Program Committee* | L013
Noon – 1:00 pm | Asthma Committee | L001
Noon – 1:00 pm | Practice Management Committee | L030
1:30 – 3:00 pm | The Allergists’ Foundation Board of Trustees | L016
3:00 – 4:00 pm | Women in Allergy Committee | L030
3:00 – 5:00 pm | Annals’ Editorial Board Meeting | L013
4:30 – 5:00 pm | Biologics & Pharmacology Committee | L001

**Sunday**

6:45 – 7:45 am | Allied Health Committee*
Dermatology Committee*
Rhinitis/Sinusitis/Ocular Committee* | L014
7:00 – 7:45 am | Food Allergy Committee* | L014
8:00 – 9:00 am | Exhibitors Advisory Committee* | L001
10:00 – 11:00 am | Archives Committee | L030
10:00 – 11:00 am | International Committee | L015
10:00 – 11:00 am | Telehealth and Technology Task Force | L019
11:30 am – 1:00 pm | Past Presidents’ Committee* | L016
Noon – 1:00 pm | Clinical Immunology & Autoimmune Diseases Committee | L001
3:00 – 4:00 pm | Publications Committee | L030

*A complimentary breakfast or lunch will be served at this meeting.

FIT Scholarships

The College awarded scholarships to 201 Fellows-in-Training to attend the 2022 Annual Scientific Meeting.

**ACAAI Thanks Its Scholarship Sponsors**

The Fellows-in-Training section of the College expresses its appreciation to the following companies that sponsored Fellows-in-Training Scholarships this year:

- Aimmune Therapeutics
- ALK-Abelló, Inc.
- Pharming Group NV
- Sanofi and Regeneron
Each year, the American College of Allergy, Asthma & Immunology presents named lectures during the Annual Scientific Meeting. The allergists selected to present named lectures embody the high standards and achievements of the physicians for whom the lectures are named. This year, the College is proud to present the following named lectures:

**Luisa Businco Lecture**

*Thursday, Nov. 10, Noon – 1:00 pm*

*International Food Allergy Symposium*

*Common Oral Immunotherapy*

*Challenges in Your Allergy Clinic*

*Aikaterini "Katherine" Anagnostou, MD, PhD, FACAAI*

The Businco Lecture is named in honor of Professor Luisa Businco of Rome, Italy. Her hard work in providing excellent patient care, effective teaching and quality research led to significant advances in understanding several aspects of pediatric food allergy. Her clinical and laboratory research was focused on the development, prediction and prevention of allergy in children. Dr. Businco worked with dedication to promote the specialty of pediatric allergy, and her work continues in the careers of the many physicians taught and trained by her. This lecture is presented during the International Food Allergy Symposium.

**Bela Schick Lecture**

*Monday, Nov. 14, 8:00 – 9:30 am*

*Plenary – Implementing New Guidelines Into Practice*

*Implicit Bias: It Is Not Always What You See*

*Cherie Zachary, MD, FACAAI*

The annual Bela Schick Lecture is named in honor of one of medicine’s most respected scientists. Bela Schick was born in Hungary and attended medical school in Austria. After serving as Extraordinary Professor of Children’s Diseases at the University of Vienna, he immigrated to the United States in 1923. He was a pediatrician at Mt. Sinai in New York for many years, loved by his patients and respected by his fellows. Dr. Schick is best known for his work with Clemens von Pirquet on anaphylaxis and for the test he developed to assess immunity in diphtheria.

**Edward J. O’Connell Lecture**

*Sunday, Nov. 13, 8:00 – 9:30 am*

*Plenary – Practicing Allergy / Immunology Into the Future*

*What Does the Landscape of Therapeutics Look like in Allergy Practice?*

*Thomas B. Casale, MD, FACAAI*

This annual lectureship was established to honor the legacy of Dr. Edward O’Connell, a past president of the College, who was a caring, compassionate physician with a life-long passion for serving children. He was an adept educator and authored nearly 100 original articles, along with many book chapters related to allergy and immunology.
Livestream Program

The following sessions will be broadcast in real time to registrants who purchased the Livestream option and will participate in the meeting from their homes or offices.

See LIVESTREAM designated sessions throughout the program for additional details.

Thursday, November 10

International Food Allergy Symposium • Separate Registration Fee
(Livestream attendees must be registered for the General Annual Meeting to participate in the International Food Allergy Symposium)

Supported by an independent educational grant from DBV Technologies

8:00 – 9:30 am International Food Allergy Symposium – Epidemiology & Diagnostics
10:00 – 11:30 am International Food Allergy Symposium – Prevention
1:00 – 2:30 pm International Food Allergy Symposium – Treatment
3:00 – 4:30 pm International Food Allergy Symposium – Hot Topics in Food Allergy

Friday, November 11

Annual Literature Review • Separate Registration Fee
(Livestream attendees must be registered for the General Annual Meeting to participate in the Annual Literature Review)

8:00 am – 4:30 pm Everything You Should Have Read Last Year, but Didn’t!

Saturday, November 12

7:20 – 8:00 am Opening Ceremony and 80th Anniversary Presentation
8:00 – 9:30 am Presidential Plenary – Food Allergy – Where Are We in 2022?
10:00 – 11:30 am Drug Hypersensitivity Reactions in 2022: What Should We Know?
1:00 – 2:30 pm The Asthma Patient: What Would You Do?
3:00 – 4:30 pm Hot Topics and Practical Pearls in Dermatology

Sunday, November 13

8:00 – 9:30 am Plenary Session – Practicing Allergy/Immunology Into the Future
10:00 – 11:30 am 7 for 11: Hot Topics in Pediatric A&I – A Joint Presentation from AAP-SOAI & ACAAI
1:00 – 2:30 pm Jeopardy: What’s That Rash, Doctor?
3:00 – 4:30 pm Breastfeeding and Maternal Diet in Eczema and Food Allergies
4:30 – 5:30 pm ACAAI Annual Business Meeting

Monday, November 14

8:00 – 9:30 am Plenary Session – Implementing New Guidelines Into Practice
9:45 – 11:00 am Advances in Food Allergy Immunotherapy
11:15 am – 12:30 pm Hybrid Care: The Use of Remote Patient Monitoring in Clinical Practice
Hands-on Workshops

**Friday, November 11**

8:00 – 9:30 am • Room M109-M110
Kentucky International Convention Center
Fee: $195 (FITs: $50 / AHP: $50) • Limit 32.

**Hands-on Workshop**

**SQ Immunoglobulin Infusion**
Moderators: Lisa J. Kobrynski, MD, MPH, FACAAI; and Kenneth Paris, MD, MPH
Supported by an independent educational grant from Takeda
Supported by an independent educational grant consisting of disposable supplies from Koru Medical Systems

Clinicians frequently prescribe gamma globulins for antibody deficiencies but are not very familiar with Subcutaneous (SC) administration of immunoglobulins. Increasing knowledge of methods of administration and solutions to common adverse effects of infusion increases the likelihood of patient satisfaction and adherence to therapy. Oversight of these infusions is important. This workshop will provide instruction on methods of SC administration of IG, including facilitated SC infusion, and discuss solutions to address common problems faced by patients infusing SC IG.

**Track:** Clinical Immunology and Autoimmune and Biologicals

8:00 am  Welcome and Introductions
Lisa J. Kobrynski, MD, MPH, FACAAI; and Kenneth Paris, MD, MPH

8:03 am  Facilitating SQ Immunoglobulin Infusion
Lisa J. Kobrynski, MD, MPH, FACAAI

8:15 am  Hands-on Training
Trainers:
  - Nikita Raje, MD, FACAAI
  - Richard L. Wasserman, MD, PhD, FACAAI
  - Nicholas Rider, DO
  - Lisa J. Kobrynski, MD, MPH, FACAAI; Kenneth Paris, MD, MPH

9:30 am  Adjourn

**Learning Objectives**
Upon completion of this session, participants should be able to:

- Evaluate the different modalities of immune globulin administration.
- Manage side effects of immune globulin administration.

This will include proper shave biopsy and punch biopsy technique, procedural coding, selection of appropriate patients for each type of biopsy, selection of an appropriate lesion and site for the highest diagnostic yield, a review of the materials and transport media and how to interpret the report from the dermatopathologist to help aid in the diagnosis and treatment of patients.</td>
<td><strong>Kentucky International Convention Center</strong>&lt;br&gt;<strong>Fee: $195 (FITs: $50 / AHP: $50) • Limit 35.</strong>&lt;br&gt;<strong>Hands-on Workshop</strong>&lt;br&gt;Making the Cut: Punch vs. Shave Biopsy&lt;br&gt;<strong>Moderator: David R. Weldon, MD, FACAAI</strong>&lt;br&gt;This interactive hands-on session is designed for the allergist to learn how and when to perform punch and shave biopsies. This will include proper shave biopsy and punch biopsy technique, procedural coding, selection of appropriate patients for each type of biopsy, selection of an appropriate lesion and site for the highest diagnostic yield, a review of the materials and transport media and how to interpret the report from the dermatopathologist to help aid in the diagnosis and treatment of patients.</td>
<td>$195</td>
<td>35</td>
</tr>
</tbody>
</table>

### Learning Objectives

- **Upon completion of this session, participants should be able to:**
  - Recognize anaphylaxis in infant and adult patients via the use of high-fidelity simulator.
  - Manage anaphylaxis in infants and adult patients.
  - Identify simulation as a modality for office preparedness of anaphylaxis.

- **Upon completion of this session, participants should be able to:**
  - Use proper technique to perform shave and punch biopsies in the allergy office.
  - Identify appropriate patients and biopsy sites.
  - Interpret biopsy report to inform patient care.
Hands-on Workshops

Saturday, November 12 (continued)

1:00 – 2:30 pm • Room M109-M110
Kentucky International Convention Center
Fee: $195 (FITs $50 / AHP: $50). • Limit 35.

Hands-on Workshop

Patch Testing 101: Basics of Patch Testing
Moderator: Kelly M. Maples, MD, FACAAI
Supported by Chemotechnique Diagnostics/Dormer Laboratories Inc., and SmartPractice through independent educational grants consisting of disposable supplies.

Participants in this program will be introduced into the realm of patch testing. The topics that will be covered include determining which patients to patch test, basics of applying a patch test, contraindications and precautions in patch testing and the interpretation of results. This program is best suited for an audience with limited prior knowledge of patch testing. Audience response and hands-on training will be part of this program.

Track: Dermatology

1:00 pm  Welcome and Introductions
Kelly M. Maples, MD, FACAAI

1:03 pm  Patch Testing Presentation
Kelly M. Maples, MD, FACAAI

1:15 pm  Hands-on Training
Trainers:
  Marcella R. Aquino, MD, FACAAI
  Luz S. Fonacier, MD, FACAAI
  Theresa A. Bingemann, MD, FACAAI
  Kelly M. Maples, MD, FACAAI

2:20 pm  Questions and Discussion

2:30 pm  Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Identify patients who would benefit from patch testing.
• Prepare and apply a patch test to a patient with suspected allergic contact dermatitis.
• Interpret patch test results and determine relevance.

3:00 – 4:30 pm • Room M109-M110
Kentucky International Convention Center
Fee: $195 (FITs $50 / AHP: $50). • Limit 35.

Hands-on Workshop

End Game: Calling All Patch Test Experts
Moderator: Theresa A. Bingemann, MD, FACAAI
Supported by Chemotechnique Diagnostics/Dormer Laboratories Inc., and SmartPractice through independent educational grants consisting of disposable supplies.

Participants in this program will be introduced into the next level of patch testing. The topics that will be covered include how to patch test to occupational materials, how to patch test to metal and bone cements used in biomedical devices, and the use of expanded specialized patch test series including children and the elderly. This program is best suited for an audience that already possesses the basic skills and knowledge of patch testing. Audience response and hands-on training will be part of this program.

Track: Dermatology

3:00 pm  Welcome and Introductions
Theresa A. Bingemann, MD, FACAAI

3:03 pm  Patch Testing Presentation

3:20 pm  Hands-on Training
Trainers:
  Karin A. Pacheco, MD, MSPH
  Sharon E. Jacob, MD
  David I. Bernstein, MD, FACAAI
  Theresa A. Bingemann, MD, FACAAI

4:20 pm  Questions and Discussion

4:30 pm  Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Perform specialized patch testing.
• Prepare and apply a patch test to a patient with suspected occupational, regional and metal contact dermatitis.
• Interpret patch test results in occupational, regional, and metal dermatitis.
Hands-on Workshops

Sunday, November 13

3:00 – 4:30 pm • Room M105-M106
Kentucky International Convention Center
Fee: $195 (FITs: $50 / AHP: $50). • Limit 30.

SOLD OUT

Performing a Rhinolaryngologic Exam
Moderator: Jerald W. Koepke, MD, FACAAI
Supported by Optim LLC through an independent educational grant consisting of disposable supplies.

In this session we will demonstrate the use of the fiberoptic rhinoscope in the allergist’s office using a video presentation of a fiberoptic rhinolaryngologic exam of the upper airway. Participants will have the opportunity to become familiar with a rhinoscope and perform an exam on a manikin. Instructors will be available to answer questions throughout this informal session.

Track: Rhinitis / Sinusitis / Ocular and Anaphylaxis

3:00 pm Welcome and Introductions
Jerald W. Koepke, MD, FACAAI

3:03 pm Rhinolaryngoscopy Presentation
Jerald W. Koepke, MD, FACAAI

3:20 pm Hands-on Training
Trainers:
Seong H. Cho, MD, FACAAI
Kevin R. Murphy, MD, FACAAI
Jerald W. Koepke, MD, FACAAI
David Elkayam, MD

4:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Navigate the recesses of the nasal airway and larynx with the rhinolaryngoscope by acquiring more advanced skills using a fiberoptic endoscope.
• Identify the major structures of the nasal, pharyngeal and glottic areas as visualized during a rhinoscopic examination and describe variations from normal.
Thursday International Food Allergy Symposium

8:00 am – 6:00 pm • Kentucky International Convention Center
Separate Registration Fee • Admission by Ticket Only

(Participants must be registered for the General Annual Meeting to enroll in the International Food Allergy Symposium)

Supported by an independent educational grant from DBV Technologies

8:00 – 9:30 am • Ballroom ABC
Kentucky International Convention Center

Epidemiology & Diagnostics

Moderators: Katherine Anagnostou, MD, PhD, FACAAI; and Jay A. Lieberman, MD, FACAAI

This session aims to familiarize participants with new developments in the area of food allergy severity and provide practical information on how to approach patients at risk for severe reactions. Participants will receive information on how to counsel families about reaction risk and anaphylaxis and how to address difficult conversations surrounding food allergy fatalities. The use of new and developing diagnostic tools for clinic use also will be presented.

Track: Food & Drug Allergy and GI Disorders

8:00 am Welcome and Introductions
Katherine Anagnostou, MD, PhD, FACAAI; and Jay A. Lieberman, MD, FACAAI

8:05 am Can We Identify the Patient at Risk of Severe Reactions to Food?
Antonella Muraro, MD

8:30 am Anaphylaxis and Fatalities in Food Allergy: What We Need to Tell Our Patients
Jay A. Lieberman, MD, FACAAI

8:55 am Diagnostic Tools for Food Allergy and Biomarkers for Clinic Use
Alexandra Santos, MD

9:20 am Questions and Discussions

9:30 am Refreshment Break

Learning Objectives
Upon completion of this session, participants should be able to:
• Identify patients at risk for severe allergic reactions to food.
• Describe the incidence of food allergy fatalities and the difficulties in recognizing and managing anaphylaxis.
• Outline the use of different diagnostic tools in evaluating food allergy.

10:00 – 11:30 am • Ballroom ABC
Kentucky International Convention Center

Prevention

Moderators: Katherine Anagnostou, MD, PhD, FACAAI; and Jay A. Lieberman, MD, FACAAI

The area of food allergy prevention has seen significant developments over time, with changes in infant feeding guidelines and much information on screening infants prior to early introduction. This session will address current controversies in screening practices and provide information on populations that may benefit from early food introduction. Additionally, the role of early moisturizing in preventing sensitization and food allergy will be elucidated.

Track: Food & Drug Allergy and GI Disorders

10:00 am Welcome and Introductions
Katherine Anagnostou, MD, PhD, FACAAI; and Jay A. Lieberman, MD, FACAAI

10:05 am The Role of the Skin Barrier in Food Allergy Prevention
Helen A. Brough, MA, MSc, PhD, MBBS

10:30 am To Screen or Not to Screen Before Food Introduction: That Is the Question
Matthew C. Greenhawt, MD, MBA, MSc, FACAAI

10:55 am Food Allergy Prevention Guidelines: Who Do We Target?
Gideon Lack, MD

11:20 am Questions and Discussion

11:30 am Luncheon Presentation

Learning Objectives
Upon completion of this session, participants should be able to:
• Recognize the role of the skin barrier and early moisturizing in the prevention of sensitization and food allergy development.
• Discuss the pros and cons of screening infants prior to early food introduction.
• Describe the application of early feeding guidelines in both high- and low-risk populations and identify the best candidates for early introduction.
Thursday International Food Allergy Symposium

8:00 am – 6:00 pm • Kentucky International Convention Center
Separate Registration Fee • Admission by Ticket Only

(Participants must be registered for the General Annual Meeting
to enroll in the International Food Allergy Symposium)

Supported by an independent educational grant from DBV Technologies

11:30 am – 1:00 pm • Ballroom DE
Kentucky International Convention Center

Luncheon Presentation

Common Oral Immunotherapy Challenges in Your Allergy Clinic

Moderator: Jay A. Lieberman, MD, FACAAI

This session will be a lively presentation, addressing common problems that arise during oral immunotherapy, including patient selection, adverse events and management, and difficult conversations with families involved in shared decision-making. The session aims to be highly interactive with active audience participation.

Track: Food & Drug Allergy and GI Disorders

11:30 am ~ Lunch

12:03 pm ~ Luisa Businco Lecture

Common Oral Immunotherapy Challenges in Your Allergy Clinic
Aikaterini “Katherine” Anagnostou, MD, PhD, FACAAI

12:55 pm ~ Questions and Discussion

1:00 pm ~ Adjourn

Learning Objectives

Upon completion of this session, participants should be able to:
• Employ best practices when identifying patients for OIT and effectively employ shared decision-making to deliver best patient care results.

1:00 – 2:30 pm • Ballroom ABC
Kentucky International Convention Center

Symposium

Treatment

Moderators: Katherine Anagnostou, MD, PhD, FACAAI; and Jay A. Lieberman, MD, FACAAI

This session will describe current and future treatment options for food allergy, including oral immunotherapy and epicutaneous immunotherapy, with a focus on risks/benefits for patients and recent advances. The session will include a review of patient cases with the aim to identify the best candidate for each approach. The process of shared decision-making also will be outlined in this context.

Track: Food & Drug Allergy and GI Disorders

1:00 pm ~ Welcome and Introductions
Katherine Anagnostou, MD, PhD, FACAAI; and Jay A. Lieberman, MD, FACAAI

1:05 pm ~ Latest Advances in OIT
Brian P. Vickery, MD

1:30 pm ~ Other Forms of Immunotherapy
David M. Fleischer, MD, FACAAI

1:55 pm ~ Shared Decision-Making in Food Allergy Management
Douglas Mack, MD, MSc

2:20 pm ~ Questions and Discussion

2:30 pm ~ Refreshment Break

Learning Objectives

Upon completion of this session, participants should be able to:
• Discuss benefits and risks of OIT in clinical practice and recent advances in this area.
• Describe benefits and risks of EPIT and recent advances in this area.
• Identify the best option for therapy and discuss the value of shared decision-making when counseling patients on management options.
Thursday International Food Allergy Symposium

8:00 am – 6:00 pm • Kentucky International Convention Center
Separate Registration Fee • Admission by Ticket Only
(Participants must be registered for the General Annual Meeting
to enroll in the International Food Allergy Symposium)

Supported by an independent educational grant from DBV Technologies

3:00 – 4:30 pm • Ballroom ABC

Symposium

Hot Topics in Food Allergy

Moderators: Katherine Anagnostou, MD, PhD, FACAAI; and Jay A. Lieberman, MD, FACAAI

This session will discuss current hot topics in food allergy. Misinformation is a regular occurrence among patients and families, and the session will present common misconceptions in the food allergy clinic and how to address them. It will detail the role of the microbiome in food allergy, with a practical guide on the use of probiotics. The role of biologics also will be discussed, and current ongoing research will be described.

Track: Food & Drug Allergy and GI Disorders

3:00 pm Welcome and Introductions
Katherine Anagnostou, MD, PhD, FACAAI; and Jay A. Lieberman, MD, FACAAI

3:05 pm Addressing Misconceptions in the Food Allergy Clinic
David R. Stukus, MD, FACAAI

3:30 pm The Role of the Microbiome in Food Allergy: Is it Time for Probiotics?
Rima A. Rachid, MD

3:55 pm Biologics in Food Allergy: What You Need to Know
Robert A. Wood, MD

4:20 pm Questions and Discussion

4:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Address misinformation regarding food allergy originating from different online sources and guide clinicians on how to assist their patients in identifying reliable information on the web and beyond.
• Discuss the role of the microbiome in food allergy and address common questions regarding the use of probiotics, prebiotics and symbiotics in food allergy management.
• Describe the biologics currently being investigated for food allergy therapy, risks and benefits and how they may be used in the near future in the allergy clinic.

4:30 – 6:00 pm • Ballroom DE
Kentucky International Convention Center
ProCon Debate
With Refreshments

Moderators: Katherine Anagnostou, MD, PhD, FACAAI; and Jay A. Lieberman, MD, FACAAI

This highly interactive and popular session will discuss current controversies in the field of food allergy, with internationally recognized experts debating benefits and risks of each approach.

4:30 pm Welcome and Introductions
Katherine Anagnostou, MD, PhD, FACAAI; and Jay A. Lieberman, MD, FACAAI

4:35 pm Early Use of Moisturizer in Infants Prevents Food Allergy
Helen A. Brough, MA, MSc, PhD, MBBS; and Christina E. Ciaccio, MD, MSc, FACAAI

5:00 pm The Combination of OIT and Biologics Is Superior to OIT Alone
Robert A. Wood, MD; and David M. Fleischer, MD, FACAAI

5:25 pm Peanut Allergy Prevention: Large Amounts Early Are Better Than Small Amounts Late
Gideon Lack, MD; and Matthew C. Greenhawt, MD, MBA, MSc, FACAAI

6:00 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Discuss the early use of moisturizers in infancy with the goal of preventing food allergy development.
• Identify benefits and risks of using biologics in combination with food immunotherapy versus food immunotherapy alone.
• Consider key arguments regarding the use of food allergy prevention guidelines in populations of different risk.

6:30 – 8:30 pm
Non-CME Corporate Forums
(See page 80 for details)
Friday Annual Literature Review

8:00 am – 4:30 pm • Ballroom ABC • Kentucky International Convention Center
Separate Registration Fee • Admission by Ticket Only
(Participants must be registered for the General Annual Meeting to enroll in the Annual Literature Review)

Everything You Should Have Read Last Year, but Didn’t!

To help you stay abreast of the latest clinical developments in allergy and immunology, the College will continue its highly successful literature review program. It’s a review of the most important, clinically focused literature of our specialty published between November 2021 and October 2022, with emphasis on clinical relevance. Faculty includes allergy/immunology training program directors and specialists in practice.

Moderator: James T. Li, MD, PhD, FACAAI

8:00 am Welcome and Introductions
James T. Li, MD, PhD, FACAAI

8:03 am Basic Immunology
Mitchell H. Grayson, MD, FACAAI

8:30 am Rhinitis and Sinusitis
Anju T. Peters, MD

9:00 am Update in Clinical Immunology
Jennifer Heimall, MD, FACAAI

9:30 am Refreshment Break

10:00 am Asthma and Lower Respiratory Diseases
James T. Li, MD, PhD, FACAAI

10:30 am Update on Skin Diseases, Urticaria, Angioedema and Other Skin Disorders
Marc A. Riedl, MD, MS

11:00 am Update in Pediatric Allergy
John M. Kelso, MD, FACAAI

11:30 am Lunch Break (on own)

1:00 pm Welcome and Introductions
David A. Khan, MD, FACAAI

1:03 pm Anaphylaxis and Stinging Insect Hypersensitivity
Anne K. Ellis, MD, MSc, FACAAI

1:30 pm Immunotherapy
Harold S. Nelson, MD, FACAAI

2:00 pm Food Allergy
Matthew C. Greenhawt, MD, MSc, MBA, FACAAI

2:30 pm Refreshment Break

3:00 pm Occupational and Environmental Allergy
Mark S. Dykewicz, MD, FACAAI

3:30 pm Drug Allergy
Aleena Banerji, MD

4:00 pm The Year’s Best Articles
David A. Khan, MD, FACAAI

4:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Discuss recent advances in basic science that are relevant to allergy and immunology.
• Describe recent developments in rhinitis and sinusitis.
• Recognize the clinical presentation of activated phosphoinositide 3-kinase delta syndrome and distinguish it from common variable immunodeficiency.
• Better diagnose and manage asthma and COPD. Discuss important scientific and clinical advances in the pathophysiology and treatment of urticaria, angioedema and other skin disorders.
• Summarize the role of the microbiome in human atopic diseases. Identify new concepts in anaphylaxis, drug allergy and stinging insect hypersensitivity, as well as utilize clinically relevant findings in these areas.
• Identify new concepts in anaphylaxis and stinging insect.
• Identify the Immunotherapy to best use in patient treatment.
• Discuss recent developments in food allergy.
Good Morning, Good Day!

Kentucky International Convention Center

Breakfast Symposium

AACA: Should It Be SCIT or SLIT: An Adventure Into the World of the AIT 2022 Allergy Proceedings Primer

Moderator: Sandra M. Gawchik, DO, FACAAI

Supported by an independent educational grant from ALK-Abelló, Inc.

Current research on the safety and efficacy of subcutaneous and sublingual immunotherapies will be explored.

Track: Immunotherapy and Diagnostics

6:30 am Welcome and Introductions
Sandra M. Gawchik, DO, FACAAI

6:33 am Mechanisms of SCIT and SLIT
Mohamed H. Shamji, PhD

6:48 am Efficacy of SCIT
Peter Creticos, MD, EM

7:03 am Efficacy of SLIT
Lawrence M. DuBuske, MD, FACAAI

7:18 am Safety of SCIT
David I. Bernstein, MD, FACAAI

7:33 am Questions and Discussion

7:45 am Adjourn

Learning Objectives

Upon completion of this session, participants should be able to:

• Prescribe various forms of AIT to achieve clinical outcomes.
• Monitor patients on AIT and be able to clearly recognize potential side effects.
• Discuss risks and benefits of SLIT and SCIT.

8:00 – 9:30 am • Room M108-M111
Kentucky International Convention Center

Symposium

Atopic Dermatitis: Triggers, Mimics and Treatments

Moderators: Theresa A. Bingemann, MD, FACAAI; and Julia Cronin, MD, FACAAI

Supported in part by an independent educational grant from Incyte Corporation

This interactive session will first identify triggers for atopic dermatitis beyond food, highlight how to approach food testing, if needed, and how to proceed if testing positive. Differential diagnosis of atopic dermatitis will be reviewed and counseling on the use of treatments along with the appropriate management of potential side effects will be presented.

Track: Dermatology

8:00 am Welcome and Introductions
Theresa A. Bingemann, MD, FACAAI; and Julia Cronin, MD, FACAAI

8:03 am Triggers for Atopic Dermatitis
Kelly M. Maples, MD, FACAAI

8:28 am Mimics of Atopic Dermatitis
Marc Serota, MD

8:53 am How to Use and Manage the New Treatments in Atopic Dermatitis
Mark Boguniewicz, MD, FACAAI

9:18 am Questions and Discussion

9:30 am Adjourn

Learning Objectives

Upon completion of this session, participants should be able to:

• Identify and discuss triggers for atopic dermatitis.
• Recognize mimics of atopic dermatitis.
• Analyze available treatment options.

Happy Veteran’s Day • Nov. 11

We are grateful for your service to our country.

Thank You
VETERANS

Friday General Sessions

8:00 – 9:30 am • Room M104-M107
Kentucky International Convention Center
Symposium
Integrative Modalities in Allergy & Immunology Practice
Moderator: Dipa K. Sheth, MD, FACAAI

Knowledge and acceptance of holistic and integrative medicine among our patient population is high. More than 40% of Americans use some form of holistic therapy, and this has become a $40 billion industry. Our patients are seeking integrative modalities and using them. To better serve them as their doctors, we must educate ourselves about the methods, products and practices that our patients may be using.

Track: Environmental and Integrative Medicine

8:00 am  Welcome and Introductions
Dipa K. Sheth, MD, FACAAI

8:03 am  Yoga Therapies
Atoosa Kourosh, MD, MPH, RYT

8:23 am  Acupuncture & Electrical Stimulation Therapies
Anil Nanda, MD, FACAAI

8:43 am  Microbiome Analysis and Treatment
Maureen George, PhD, RN, AE-C, FAAN

9:03 am  Herbal Remedies
Payel Gupta, MD, FACAAI

9:23 am  Questions and Discussion

9:30 am  Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Express how evidence-based integrative modalities can be used in a safe, cost-effective manner in Allergy Practice.
• Describe at least two integrative modalities that can be employed in allergy practice and how their use could be tailored to a patient within an outpatient practice setting.
• Develop tools to find the evidence for each of these modalities and distinguish between validated practices and those lacking adequate evidence.

Kentucky International Convention Center
Interdisciplinary Panel
Lessons Learned on Primary Prevention of Food Allergy
Moderators: Bruce J. Lanser, MD, MPH, FACAAI; and Jonathan S. Tam, MD, FACAAI

This session will draw on ongoing research in food allergy prevention from the USA and internationally. Adherence to early food introduction guidelines will be discussed and the role of early moisturizing in infants with the aim of preventing food allergy development will be debated.

Track: Food & Drug Allergy and GI Disorders

10:00 am  Welcome and Introductions
Bruce J. Lanser, MD, MPH, FACAAI; and Jonathan S. Tam, MD, FACAAI

10:03 am  Understanding Adherence to Peanut Allergy Prevention Guidelines (iREACH Study)
Ruchi Gupta, MD, MPH

10:28 am  Food Allergy and Early Moisturizing: Lessons from International Studies
Helen A. Brough, MA, MSc, PhD, MBBS

10:53 am  Early Food Introduction – LEAP, EAT, and Beyond
Gideon Lack, MD

11:18 am  Questions and Discussion

11:30 am  Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Assess the effectiveness of methods to facilitate timely introduction of allergenic foods during infancy and early childhood and summarize factors that impact caregiver and clinician’s adherence of dietary guidelines.
• Recognize the role of early moisturizing in the prevention of sensitization and food allergy.
• Describe the application of early feeding guidelines in both high-risk and low-risk populations and identify the best candidates for early introduction.
Friday General Sessions

10:00 – 11:30 am • Room M104-M107
Kentucky International Convention Center
Symposium
Real World Alternatives to Traditional SCIT
Moderators: Joseph P. Forester, DO, FACAAI; and Ranjeet Minocha, MD

Immunotherapy is a common practice in allergy practices. This session will focus on therapies other than SCIT.

Track: Immunotherapy and Diagnostics

10:00 am Welcome and Introductions
Joseph P. Forester, DO, FACAAI; and Ranjeet Minocha, MD

10:03 am Intralymphatic Immunotherapy – Concepts and Implementation
Amber M. Patterson, MD, FACAAI

10:28 am SLIT
Anne K. Ellis, MD, MSc, FACAAI

10:53 am Cluster, Rush, and Ultrarush Protocols
J. Wesley Sublett, MD, MPH, FACAAI

11:18 am Questions and Discussion

11:30 am Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Examine the clinical evidence for this novel route of allergen application.
• Discuss the advantages SLIT could offer to the allergy practice and patients.
• Identify the safest and best use of expedited treatments.

11:30 am – 1:00 pm
Lunch Break (on own)

1:00 – 2:30 pm • Room M108-M111

Clinical Conundrum
Looking for Zebras in Diagnosing PIDD

Moderators: Syed Shahzad Mustafa, MD, FACAAI; and Meagan W. Shepherd, MD, FACAAI

Patients with immunodeficiency typically present with recurrent infections, but experience other complications as well, including autoimmunity and an increased risk of malignancy. This session will discuss how allergist/immunologists can work with other specialties to improve awareness and recognition of immunodeficiency. This is of particular interest for allergist/immunologists working in multispecialty settings.

Track: Clinical Immunology and Autoimmune and Biologics

1:00 pm Welcome and Introductions
Syed Shahzad Mustafa, MD, FACAAI; and Meagan W. Shepherd, MD, FACAAI

1:03 pm Working With Other Medical Specialties to Diagnose Immune Deficiency
Antoine Azar, MD

1:30 pm Working With Surgical Specialties to Diagnosis Immune Deficiency
Jennifer R. Heimall, MD

1:55 pm How Can the NIH Help You With Your Immune Deficiency Patients
Thomas R. Fleisher, MD, FACAAI

2:20 pm Questions and Discussion

2:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Prepare a presentation of PIDD in other medical specialties, and how to facilitate a multidisciplinary approach to management.
• Prepare a presentation of PIDD in surgical specialties, and how to facilitate a multidisciplinary approach to management.
• Describe how the NIH can complement your management of patients with PIDD.
Asthma is an obstructive lung disease; however, there are many other conditions that can present in a similar fashion to asthma. Allergists deal with them on a daily basis in their practices. This session will review many of those mimickers and provide practical tools to work up and manage them.

**Track:** Asthma and Respiratory / Sleep Disorders

1:00 pm  **Welcome and Introductions**  
Bradley E. Chipps, MD, FACAAI; and Andrea Pappalardo, MD, FACAAI

1:03 pm  **Obstructive Lung Diseases Including COPD, Alpha-1 Antitrypsin Deficiency and Bronchiectasis**  
Stephen P. Peters, MD, PhD

1:23 pm  **Exertional Dyspnea Causes Including Cardiovascular and Nonobstructive Pulmonary Conditions (ILD, Dysfunctional Breathing)**  
Reynold A. Panettieri, Jr., MD

1:43 pm  **Upper Airway Conditions Including Sinonasal and Laryngeal**  
Andrej A. Petrov, MD, FACAAI

2:03 pm  **Sleep Disordered Breathing**  
Brian D. Robertson, MD, FACAAI

2:23 pm  **Questions and Discussion**

2:30 pm  **Adjourn**

**Learning Objectives**

Upon completion of this session, participants should be able to:

- Identify and triage pulmonary conditions that can present similarly to asthma (obstructive lung disease).
- Identify and triage cardiovascular or pulmonary conditions that can cause exertional dyspnea.
- Identify and triage upper airway conditions that can present similarly to asthma.
- Review the pathophysiology of obstructive sleep apnea, potential medical ramifications if untreated, and its relationship with asthma and chronic lung disease.
Friday General Sessions

3:00 – 4:30 pm • Room M108-M111
Kentucky International Convention Center

Clinical Conundrum

Evaluation and Management of Non-IgE Food Allergy

Moderators: Christina E. Ciaccio, MD; and Peter Capucilli, MD

This session will address key questions in non-IgE food allergy and initiate interesting discussions into the use of different approaches when managing patients with EoE. The session will discuss practical issues arising in clinical practice when managing a patient with multi-food FPIES and provide information on how to approach challenging cases of non-IgE food allergy.

Track: Food & Drug Allergy and GI Disorders

3:00 pm Welcome and Introductions
Christina E. Ciaccio, MD; and Peter Capucilli, MD

3:03 pm Clemens von Pirquet Award – 2nd Place
Unrecognized Parasitic Infection as a Cause of Persistent Eosinophilia in an Inner-City Allergy Clinic Population
Prudhvi Regula, MD

3:13 pm A Challenging Case of Non-IgE Food Allergy
Antonella Cianferoni, MD, PhD, FACAAI

3:33 pm Management of EoE and Beyond: A Focus on Eosinophilic Disorders
Mirna Chehade, MD

3:53 pm Current Approach to the Multi-food FPIES Patient: What and When to Challenge
Anna H. Nowak-Wegrzyn, MD, FACAAI

4:18 pm Questions and Discussion

4:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Discuss challenging cases of non-IgE food allergy and how to manage them in the allergy clinic.
• Provide a brief overview on the management of eosinophilic disorders, including treatment options for EoE.
• Address the needs of a multi-food FPIES patient, with a focus on when to perform a food challenge and to which foods.

3:00 – 4:30 pm • Room L017-L018
Kentucky International Convention Center

Ask the Experts

An Improved Practice

Moderator: Sandra M. Gawchik, DO, FACAAI

Seats available on a first come, first served basis. Limit 54.

Whether you are just getting started or a seasoned veteran, this exciting interactive learning opportunity has something for you. Choose three of the six topics and spend 25 minutes with each expert addressing a phase of allergy practice. The expert will give a five-minute overview of the topic and will then answer questions and facilitate discussion with the table participants for 20 minutes.

Track: Practice Management / Professional Issues

3:00 pm Welcome and Introductions
Sandra M. Gawchik, DO, FACAAI

Table Rotations: 3:05 pm, 3:30 pm, 3:55 pm

Table 1 Contract and Salary Negotiation
J. Wesley Sublett, MD, MPH, FACAAI

Table 2 Starting Your Own Practice
Priya J. Bansal, MD, FACAAI

Table 3 Work/Life Balance, How to Manage as a Female Physician
Kristin C. Sokol, MD, FACAAI

Table 4 Avoiding Burnout
Gailen D. Marshall, Jr., MD, PhD, FACAAI

Table 5 How Can Cash Flow/Revenue Cycle Management Help Your Bottom Line?
Joshua S. Jacobs, MD

Table 6 Practice Transitions: Start, Join, Merge, Buyout, Retire
James L. Sublett, MD, FACAAI

Learning Objectives
Upon completion of this session, participants should be able to:
• Develop skills in contract negotiation and salary negotiation.
• Address work/life balance and burnout.

3:00 – 6:00 pm
ePosters – Meet the Authors:
Session 1
Exhibit Hall (Upper Concourse)

Kentucky International Convention Center
FIT Integrated Educational Program and Business Meeting

Innovation Out of the Gate – “There’s a Way to Do It Better – Find It.” (Thomas Edison)

Moderators: Chris Foster, MD; and Brent T. Griffin, MD, MPH

Fellows-in-training have the benefit of dedicated training time aimed at rapidly harnessing new knowledge under the guidance of experienced faculty, but what happens after graduation? The practice of medicine is a continuous process of learning and integration of innovative discoveries. As new allergists, the pace may change yet opportunities remain to stay on the cutting edge. This session will highlight current diagnostic innovation in the rapidly changing arena of genetic testing to empower the new allergist to approach evaluations with confidence. The FIT session will introduce rhinolaryngoscopy, a clinical assessment to enhance in-office patient care as a modality not formally addressed across all allergy/immunology programs. This program also will offer insights into drug-trial partnerships that provide a front row seat to the advancement of medicine.

Track: FIT Program

4:30 pm Welcome and Introductions
Chris Foster, MD; and Brent T. Griffin, MD, MPH

4:35 pm Junior FIT Representative Candidate Speeches and Voting

5:00 pm Selecting and Interpreting Genetic Tests as an Allergist/Immunologist
Heather K. Lehman, MD

5:20 pm Incorporating Drug Trials and Other Clinical Research Into Private/Group Practice
John T. Anderson, MD

5:40 pm Rhinolaryngoscopy: Another Tool in the Allergist Toolbox
Jerald W. Koepke, MD, FACAAI

5:55 pm Announcement of 2022-2023 Junior FIT Representative and Closing Remarks

6:00 pm Adjourn
Friday, November 11
8:00 am – 4:30 pm  •  Room M112  •  Kentucky International Convention Center
Open to all General Meeting Registrants.
Separate Registration Fee required for non-General Annual Meeting registrants only.
Moderator: Thomas J. Derrico

8:00 – 9:30 am
2022 Allergy Coding Update
Accurate coding is essential to effectively managing your revenue cycle. This session will focus on current and future coding changes affecting the specialty and provide tips to code effectively.

8:00 am  Welcome and introductions
Thomas J. Derrico
8:10 am  Coding Update
Gary N. Gross, MD, FACAAI
8:50 am  Coding Q&A

9:15 am  Overview of ACAAI Resources
Jennifer Pfeifer, MBA, CMPE
9:30 am  Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Demonstrate an understanding of coding changes that affect the specialty of allergy.
• Explain how to access College practice management resources.

9:30 – 10:00 am
Refreshment Break
Ballroom Pre-Function and M100-M112 Pre-Function
Kentucky International Convention Center

10:00 – 11:30 am
Tips to Survive and Thrive in Solo / Small Group Practice / Marketing Tactics in the Post-COVID Era
This session will:
• Present tips on operating a successful solo or small practice to help you survive and thrive in an environment of increased competition and consolidation.
• Provide marketing tips to help you evaluate your marketing approach and promote practice growth and development.

10:00 am  Welcome and Introductions
Thomas J. Derrico
10:03 am  Tips to Survive and Thrive in Solo/Small Group Practice
Heather N. Hartman, MD
10:20 am  Employee-Tested Techniques to Prosper as a Solo or Small Group Practitioner
Priya Bansal, MD, FACAAI
10:45 am  Marketing Tactics in the Post-COVID Era
Katie Crosby
11:10 am  Questions and Discussion
11:30 am  Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Employ tested techniques to prosper as a solo or small group practitioner.

11:30 am  – 1:00 pm
Lunch Break (on own)

Continues on next page
Determining the Cost of Care Using Relative Value Unit Modeling / Assessing Your Practice for Operational and Clinical Effectiveness

This session will:
• Demonstrate how to calculate the cost of providing patient care using Relative Value Units (RVUs) and data from your practice management and internal accounting systems.
• Explain why administrative and clinical workflows should be assessed periodically for efficiency and effectiveness and present a process for doing so. This framework will offer insight into improving performance.

1:00 pm  Welcome and Introductions  Thomas J. Derrico
1:03 pm  Using RVUs to Determine the Cost of Patient Care  Todd McGee
1:45 pm  Assessing Your Practice for Operational and Clinical Effectiveness  Thomas J. Derrico
2:20 pm  Questions and Discussion
2:30 pm  Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Calculate the cost of providing allergy services: visits, diagnostic testing, and immunotherapy.
• Assess administrative and clinical aspects of your practice, identify strengths and weaknesses, and improve performance.

2:30 – 3:00 pm  Refreshment Break / Visit Exhibits  Exhibit Hall (Upper Concourse)  Kentucky International Convention Center

Developing and Implementing an Effective Performance Review Program / Ask the PM Experts – A “Curbside Consult” for Your Vexing Practice Management Issues

This session will:
• Explain the importance of an effective performance evaluation and management program for managing staff. This program will identify the key elements of such a program and provide guidance on implementation.
• Provide an informal opportunity for participants to pose questions to a panel of experienced allergy administrators and gain insight into recommended solutions to management challenges.

3:00 pm  Welcome and Introductions  Thomas J. Derrico
3:03 pm  Developing and Implementing an Effective Performance Review Program  Tatiana Sycheva-Johnson, SPHR
4:00 pm  Ask the PM Experts  Thomas J. Derrico  Todd McGee  Tatiana Sycheva-Johnson, SPHR
4:20 pm  Questions and Discussion
4:30 pm  Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Recognize key components to an effective performance review program.
• Manage staff effectively using a well-developed process.
• Find solutions to unsolved or most challenging management issues.

4:45 – 6:00 pm  Advanced Practice, Allied Health and Office Administrators Networking Reception  Commonwealth Ballroom Salon 3 (Level 2)  Omni Louisville Hotel  Supported by Aimmune Therapeutics
Biologics: Old Favorites With New Indications and Newly Approved

*Moderator: Michelle Dickens, RN, FNP-C, AE-C*

This session will present an overview of biologics now available for asthma, CSU, EoE, atopic dermatitis, chronic rhinosinusitis, and nasal polyps. New therapies and new indications on the horizon also will be explored.

Friday Advanced Practice Health Care Providers Course

Food Allergy Diagnostics: What’s Hot and What’s Not

Moderator: Abby L. Allen, RN, NP

The diagnosis of food allergies is largely based on patient history, and testing is used to help to confirm. However, not all testing is helpful and sometimes can lead to misdiagnosis by using unproven testing methods. This session will discuss both proven and unproven tests for food allergies as well as look to the future of where new testing methodologies are being developed.

1:00 pm Welcome and Introductions
Abby L. Allen, RN, NP

1:03 pm Component Testing
Jodi A. Shroba, APRN, MSN, APRN, CPNP

1:30 pm BAT and Epitope Testing
Brooke I. Polk, MD, FACAAI

1:55 pm Unproven Testing and Proactive Communication Techniques
Amanda L. Michaud, PA-C

2:20 pm Questions and Discussion

2:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Review the future of food allergy testing, including BAT and epitope testing.
• Explain how component testing can be useful in the evaluation of food allergies.
• Discuss the evidence of why some testing is unproven and not useful for diagnosing food allergies.

Antibiotic and Systemic Steroid Stewardship: First Do No Harm

Moderator: Amanda L. Michaud, PA-C

As we learn more about the long-term effects of repeated antibiotic and oral steroid use, it is important that prescribers in the allergy clinic know when, and when not, to reach for these therapies. This session will present strategies to reduce the overuse of systemic steroids and antibiotics.

3:00 pm Welcome and Introductions
Amanda L. Michaud, PA-C

3:03 pm Systemic Steroid Stewardship
Michelle R. Dickens, RN, FNP-C, AE-C

3:40 pm Antibiotic Stewardship
Dana V. Wallace, MD, FACAAI

4:20 pm Questions and Discussion

4:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Explore the concept of oral steroid stewardship.
• Discuss strategies for the allergy practice to reduce unnecessary antibiotic prescribing.

4:45 – 6:00 pm Advanced Practice, Allied Health and Office Administrators Networking Reception
Commonwealth Ballroom Salon 3 (Level 2)
Omni Louisville Hotel
Supported by Aimmune Therapeutics
Saturday General Sessions

6:15 – 7:00 am • Marriott Ballroom Salons VII-VIII
Louisville Marriott Downtown Hotel

Good Morning, Good Day!

Join us at the Marriott for 45 minutes of health and wellness activities designed to prepare you for the day.

7:20 – 8:00 am • Ballroom ABC
Kentucky International Convention Center

Opening Ceremony and
80th Anniversary Presentation.

Mark L. Corbett, MD, FACAAI
President

Brian T. Kelly, MD, MA,
FACAAI
Program Chair

Mrs. Lelia Sublett
Alliance Co-president

Joseph A. Bellanti, MD,
FACAAI (Emeritus)
Historian

The 2022 Gold Headed Cane Award will be presented at this time to James L. Sublett, MD, FACAAI.

James L. Sublett, MD, FACAAI
2022 Gold Headed Cane Recipient

8:00 – 9:30 am • Ballroom ABC
Kentucky International Convention Center

Presidential Plenary

Food Allergy –
Where Are We in 2022?

Moderator: Mark L. Corbett, MD, FACAAI

Food allergy continues to experience amazing advances in diagnosis and management. This session will explore those advances to provide allergists/immunologists with the needed knowledge to take care of food allergic patients.

Track: Food & Drug Allergy and GI Disorders

8:00 am Welcome and Introductions
Mark L. Corbett, MD, FACAAI

8:03 am Food Allergy Testing – What Is the Best Choice?
Hugh A. Sampson, MD, FACAAI

8:28 am Food OIT – Are We Desensitizing or Curing?
Robert A. Wood, MD

8:53 am EoE- What to Do and What Not to Do
Jonathan M. Spergel, MD, PhD, FACAAI

9:18 am Questions and Discussion

9:30 am Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Determine the different ways to test for IgE mediated food reactions.
• Identify the pathophysiology of food OIT and understand if OIT is a treatment or actual cure.
• Evaluate EoE and determine what to do and what not to do.

9:00 am – 4:30 pm
Exhibit Hall Open

10:00 – 11:30 am • Ballroom ABC
Kentucky International Convention Center
Symposium
Drug Hypersensitivity Reactions in 2022: What Should We Know?
Moderators: Brian T. Kelly, MD, MA, FACAAI; and Allison C. Ramsey, MD, FACAAI

This session will detail the updates in the new Drug Allergy Parameter and how these revisions affect decision-making in the allergy clinic. Antibiotic allergy de-labelling will be discussed, and common questions addressed. Cutaneous reactions to medication are very common and can be confusing. Different types of cutaneous reactions will be presented and discussed with the aim to identify between mild and severe drug-induced rashes.

Track: Food & Drug Allergy and GI Disorders

10:00 am Welcome and Introductions
Brian T. Kelly, MD, MA, FACAAI; and Allison C. Ramsey, MD, FACAAI

10:03 am Drug Allergy Parameter: An Update
David A. Khan, MD, FACAAI

Kimberly G. Blumenthal, MD, MSc, FACAAI

10:53 am Evaluation and Management of Cutaneous Reactions to Medication
Mariana C. Castells, MD, PhD, FACAAI

11:18 am Questions and Discussion

11:30 am Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
- Recognize the updates in the new Drug Allergy Parameter.
- Describe practical ways of de-labelling antibiotic allergy, including avoidance of cephalosporin in a penicillin allergic individual.
- Identify mild, moderate and severe cutaneous manifestations of drug hypersensitivity including SJS/TEN, AGEP, DRESS.

10:00 – 11:30 am • Room M104–M107
Kentucky International Convention Center
Symposium
Decision Thresholds for Management Recommendations
Moderators: Punita Ponda, MD, FACAAI; and Monica Reddy, MD, FACAAI

This session will review new and controversial tests in the diagnosis of allergic conditions and will build on an existing knowledge of emerging diagnostic testing strategies.

Track: Immunotherapy & Diagnostics

10:00 am Welcome and Introductions
Punita Ponda, MD, FACAAI; and Monica Reddy, MD, FACAAI

10:03 am Use of IgE Tests to Diagnose Food Allergy
Hugh A. Sampson, MD, FACAAI

10:28 am A Bayesian Approach to Diagnostic Testing
Jay M. Portnoy, MD, FACAAI

10:53 am Decision Thresholds for Treatment Recommendations
David M. Lang, MD, FACAAI

11:18 am Questions and Discussion

11:30 am Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
- Use diagnostic tests to determine the probability that a patient has a disease.
- Differentiate between frequentist and Bayesian approaches to testing.
- Identify an approach to decision thresholds for treating allergic conditions.
Physician/Provider health and wellness involves multiple issues. Many medical schools, residencies, and allergy/immunology fellowships do not spend a lot of time on this during training, and given the current and future healthcare climate, physician/provider health and wellness is going to become a more significant issue. The COVID-19 pandemic has increased stress among all physicians. This session will review the physician/provider health and wellness scientific literature and discuss the major causes of provider burnout and stress and also potential solutions to alleviate this burden.

**Track**: Practice Management / Professional Issues

10:00 am  **Welcome and Introduction**
Mark L. Corbett, MD, FACAAI; and Sara W. Spriet, DO, FACAAI

10:03 am  **Physician Wellness 2.0 and Beyond – What Can We Do?**
Jon B. Klein, MD, PhD

10:28 am  **Addressing Gender and Well-being in Healthcare**
Maureen M. Petersen, MD, FACAAI

10:53 am  **Mental Health Approaches for Health Professionals**
Bryan L. Martin, DO, FACAAI

11:18 am  **Questions and Discussion**

11:30 am  **Adjourn**

**Learning Objectives**
Upon completion of this session, participants should be able to:
- Implement practice wellness and efficiency techniques.
- Assess health and wellness in allergists/immunologists.
- Identify physician burnout and implement steps to treat the condition.
Saturday General Sessions

The Asthma Patient: What Would You Do?
Moderators: Jonathan Romeo, DO, FACAAI; and Jonathan S. Tam, MD, FACAAI
This session will offer an interactive discussion surrounding patients with difficult asthma. Experts will discuss different asthma scenarios, how our new guidelines may help in management, and provide allergists with practical tools to treat these patients.

Track: Asthma and Respiratory / Sleep Disorders

1:00 pm
Welcome and Introductions
Jonathan Romeo, DO, FACAAI; and Jonathan S. Tam, MD, FACAAI

1:03 pm
The Patient on ICS/LABA With Frequent Symptoms but No Exacerbations
Alan P. Baptist, MD

1:23 pm
The Patient Who Has No Chronic Symptoms but Exacerbates Frequently
William C. Anderson III, MD, FACAAI

1:43 pm
The Patient With Asthma on ICS/LABA Whose Main Symptom Is Cough
John J. Oppenheimer, MD, FACAAI

2:03 pm
The Otherwise Asymptomatic Toddler With Frequent URI-Exacerbations
Angela D. Hogan, MD, FACAAI

2:25 pm
Questions and Discussion

2:30 pm
Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Utilize the updated NHLBI/GINA guidelines to guide management options, while also reviewing comorbidities and other factors that could contribute to frequent symptoms on asthma therapy.
• Utilize the updated NHLBI/GINA guidelines to guide management options, while also reviewing common exacerbation triggers and mitigating factors.
• Utilize the updated NHLBI/GINA guidelines to guide management options, while also reviewing unique characteristics of cough-variant asthma and comorbid conditions that can cause cough.
• Utilize the updated NHLBI/GINA guidelines to guide management options, and review comorbidities, unique challenges, and unmet needs in this population.
Saturday General Sessions

1:00 – 2:30 pm • Room M104-M107
Kentucky International Convention Center
Symposium
Anaphylaxis Practice Parameter Update
 Moderators: Dana V. Wallace, MD, FACAAI; and J. Wesley Sublett, MD, MPH, FACAAI

Knowledge gaps in anaphylaxis remain despite a better understanding of the epidemiology, pathogenesis, and management. In this session, the updated Anaphylaxis Practice Parameters will be highlighted in furthering the most current thinking in these areas.

**Track:** Rhinitis / Sinusitis / Ocular and Anaphylaxis

1:00 pm  **Welcome and Introductions**
Dana V. Wallace, MD, FACAAI; and J. Wesley Sublett, MD, MPH, FACAAI

1:03 pm  **An Update on Perioperative Anaphylaxis**
Dennis K. Ledford, MD, FACAAI

1:28 pm  **Routes of Epinephrine Autoinjectors and Intranasals – When, Who, How, and Can We Be Selective?**
Jay A. Lieberman, MD, FACAAI

1:53 pm  **Beta Blockers and ACEi’s in Anaphylaxis**
David M. Lang, MD, FACAAI

2:18 pm  **Questions and Discussion**

2:30 pm  **Adjourn**

**Learning Objectives**
Upon completion of this session, participants should be able to:
• Understand risk factors and epidemiology in anaphylaxis.
• Understand the role of epinephrine in anaphylaxis.
• Discuss risk reducing strategies for anaphylaxis.

---

1:00 – 2:30 pm • Room L017-L018
Kentucky International Convention Center
Seats available on a first-come, first-served basis.
Limit: 45.

Ask the Experts
The OIT Journey From A-Z
 Moderator: Brian P. Vickery, MD

This will be a practical, limited attendee session on the journey of OIT. Participants will have the opportunity to address challenging everyday issues during the OIT patient journey and draw on the knowledge of experts in the field on how to tackle these challenges. Choose three of the five topics and spend 25 minutes with each expert addressing a phase of allergy practice. The expert will give a five-minute overview of the topic and will then answer questions and facilitate discussion with the table participants for 20 minutes.

**Track:** Food & Drug Allergy and GI Disorders

1:00 pm  **Welcome and Introductions**
Brian P. Vickery, MD

**Table Rotations:** 1:05 pm, 1:30 pm, 1:55 pm

**Table 1**  Is My Patient the Right Candidate for OIT?
Kristin C. Sokol, MD, FACAAI

**Table 2**  Challenging Allergic Symptoms During OIT Escalation
J. Andrew Bird, MD

Julie Wang, MD, FACAAI

**Table 5**  Long-term OIT Challenges and Appropriate Follow-Up
Katherine Anagnostou, MD, PhD, FACAAI

2:30 pm  **Adjourn**

**Learning Objectives**
Upon completion of this session, participants should be able to:
• Identify the right candidate for OIT.
• Discuss OIT adverse events during up-dosing and at home.
• Address practical issues in food oral immunotherapy practice, including when to stop treatment and long-term adherence.
Saturday General Sessions

1:00 – 2:30 pm • Room M108-M111
Kentucky International Convention Center

Symposium

EAACI – Novel Insights Into the Endotype of Allergic Asthma

Moderators: Mohamed Shamji, MD; and Mateo Bonini, MD

Assessing the role of allergic sensitization in asthma pathophysiology is an important step in disease workup because patients might benefit from tailored interventions such as allergen immunotherapy, biologics, or small molecules as add-on pharmacological asthma therapy. This session aims to describe the endotypes of allergic asthma and their clinical correlates and to guide the clinician in the choice of AIT, biologics and small molecules in a personalized management approach.

Track: Asthma and Respiratory / Sleep Disorders

1:00 pm  Welcome and Introductions
Mohamed Shamji, MD; and Mateo Bonini, MD

1:03 pm  From Mechanism to the Clinic
Ioana O. Agache, MD

1:28 pm  The Nuts and Bolts of Allergen Immunotherapy in Allergic Asthma
Marek Jutel, MD, PhD

1:53 pm  Biologics and Small Molecules for Allergic Asthma
Stefano del Giacco, MD, PhD

2:18 pm  Questions and Discussion

2:30 pm  Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Detail the assessment of endotypes as a first step for individualized management.
• Compare the efficacy of biologics and small molecules in allergic asthma based on the patient endotype and clinical biomarkers.

**Learning Objectives**

Upon completion of this session, participants should be able to:

- Formulate a differential diagnosis for rashes presenting like atopic dermatitis.
- Discuss how rashes can vary in quality, appearance, and location in various races.
- Formulate a differential diagnosis for rashes appearing in specific body areas.
- Evaluate and form a treatment plan for bullous rashes.
- Summarize risks and benefits of biologics currently approved to treat allergic skin conditions.
- Review data from clinical trial of tropical JAK inhibitors for allergic skin conditions.
- Review data from clinical trial of oral JAK inhibitors for allergic skin conditions.

### Management of Primary Immunodeficiency Beyond Immunoglobulin Replacement

**Moderators:** Syed Shahzad Mustafa, MD, FACAAI; and Benjamin Prince, MD

Patients with primary immunodeficiency often require additional therapeutic interventions. This session will focus on an evidence-based approach to complementing Ig replacement with other therapies, including prophylactic antibiotics, immune modulators, and the use of appropriate vaccination.

**Track:** Clinical Immunology and Autoimmune and Biologicals

Refreshments Provided
Moderators: Jay A. Lieberman, MD, FACAAI; and Jonathan S. Tam, MD, FACAAI

The College is honored to provide an opportunity for industry to update our attendees on the latest research and developing opportunities for patient treatment.

4:30 pm Welcome and Introductions
Jay A. Lieberman, MD, FACAAI; and Jonathan S. Tam, MD, FACAAI

4:33 pm Patients With Chronic Spontaneous Urticaria May Benefit From Longer Treatment or Updosing With Omalizumab
Giselle S. Mosnaim, MD, MS, FACAAI

4:43 pm Rapid and Sustained Reductions in Hereditary Angioedema Attack Rates With Long-term Berotralstat: Real-World Outcomes
William R. Lumry, MD, FACAAI

4:53 pm In vivo CRISPR/Cas9 Editing of KLKB1 in Patients with Hereditary Angioedema: A First-in-Human Study
Hillary J. Longhurst, MD

5:03 pm Remibrutinib Improves Chronic Spontaneous Urticaria in Patients Irrespective of CU-Index: Results From Phase 2b Study
Warner W. Carr, MD, FACAAI

5:13 pm Dupilumab Efficacy in Patients With Chronic Spontaneous Urticaria by IgE Level: LIBERTY-CSU CUPID Study A
Thomas B. Casale, MD, FACAAI

5:30 pm Adjourn

4:30 – 5:30 pm • Room M104-M107
Kentucky International Convention Center
Distinguished Industry Oral Abstracts – Session B

Refreshments Provided
Moderators: Brian T. Kelly, MD, FACAAI; and Kristin C. Sokol, MD, FACAAI

The College is honored to provide an opportunity for industry to update our attendees on the latest research and developing opportunities for patient treatment.

4:30 pm Welcome and Introductions
Brian T. Kelly, MD, FACAAI; and Kristin C. Sokol, MD, FACAAI

4:33 pm Effects of Albuterol-budesonide on Asthma Deteriorations and Severe Exacerbations in Mild-to-Moderate Asthma: DENALI Exploratory Endpoints
Bradley E. Chipps, MD, FACAAI

4:43 pm Oral Immunotherapy in Children Aged 1 to <4 Years With Peanut Allergy: POSEIDON Trial Outcomes
L. George DuToit, MD

4:53 pm Pharmacokinetics Study of Epinephrine Sublingual Film: Results From the Formulation and Dosage Selection
Mark Freedman, MD

5:03 pm EPITOPE Study Results: Phase 3, Randomized, Double-blind, Placebo-controlled Study of Epicutaneous Immunotherapy in Peanut-allergic Toddlers
A. Wesley Burks, MD, FACAAI

5:13 pm Health-Related Quality of Life in Children and Caregiver Proxies From Trials of Peanut Oral Immunotherapy
Julie Wang, MD, FACAAI

5:30 pm Adjourn

**Learning Objectives**

Upon completion of this session, participants should be able to:

- Review new diagnosis and treatments for food allergy.
- Understand updates in pediatric asthma and allergy.
- Review changes in diagnosis and management of pediatric skin and immune disorders.

### Symposium: Updates on Urticaria and Advice on Angioedema

**Moderators: Myron J. Zitt, MD, FACAAI; and Gisoo Ghaffari, MD, FACAAI**

**Supported by independent educational grants from Genentech, a member of the Roche Group and Takeda**

Urticaria and angioedema are commonly encountered in the allergy clinic. This session will focus on updates on the diagnostic evaluation of urticaria. Additionally, new medications in the treatment of urticaria will be reviewed and practical advice given on their use. Finally, updates on HAE and non-C1 inhibitor angioedema will round out this dynamic session.

**Track: Dermatology**

</tr>
</tbody>
</table>

**Learning Objectives**

Upon completion of this session, participants should be able to:

- Select appropriate diagnostic tests for the patients with urticaria to optimize management.
- Evaluate data on novel therapies currently being investigated in Phase 2 and Phase 3 trials for urticaria.
- Formulate a plan on further evaluation and management for patients with angioedema who have normal complement (C4, C1 inhibitor function and levels).
Sunday General Sessions

10:00 – 11:30 am • Room M100-M103
Kentucky International Convention Center

Interdisciplinary Panel
Managing CRSwNP in the Office: Putting It All Together
Moderators: Stanley M. Fineman, MD, MBA, FACAAI; and Anju T. Peters, MD

Chronic rhinosinusitis with nasal polyposis is an ever-changing landscape of new phenotypes, endotypes, and medications. This session will review the latest updates and discuss the optimal management of these patients.

Track: Rhinitis / Sinusitis / Ocular and Anaphylaxis

10:00 am  Welcome and Introductions
Stanley M. Fineman, MD, MBA, FACAAI; and Anju T. Peters, MD

10:03 am  Pathogenesis of Nasal Polyposis
Larry Borish, MD, FACAAI

10:28 am  Medical Management
Whitney Stevens, MD, PhD

10:53 am  Surgical Management
Joseph K. Han, MD

11:18 am  Questions and Discussion

11:30 am  Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
- Distinguish various phenotypes of chronic sinusitis with and without nasal polyps and define the pathophysiology of these phenotypes.
- Analyze risks and benefits of surgical therapy for chronic sinusitis with and without nasal polyps.
- Identify risks and benefits of various non-surgical or pharmacotherapies for chronic sinusitis with and without nasal polyps.

10:00 – 11:30 am • Room L017-L018
Kentucky International Convention Center

Ask the Experts
How to Expand Services in Your Practice
Moderator: M. Razi Rafeeq, MD, FACAAI

Seats available on first-come, first-served basis.
Limit: 54.

Allergists need to be nimble in practice with the ever-changing healthcare landscape. This session will focus on various opportunities for allergists to expand patient offerings in their clinics. Attendees will hear excellent strategies from experts who have successfully implemented new programs and approaches. Choose three of the six topics and spend 25 minutes with each expert addressing a phase of allergy practice. The expert will give a five-minute overview of the topic and will then answer questions and facilitate discussion with the table participants for 20 minutes.

Track: Practice Management and Professional Issues

10:00 am  Welcome and Introductions
M. Razi Rafeeq, MD, FACAAI

Table Rotations: 10:05 am, 10:30 am, 10:55 am

Table 1  Expanding Services With a Food Center
Kristin C. Sokol, MD, FACAAI

Table 2  Expanding Services With Infusion Centers, Etc.
Joshua S. Jacobs, MD

Table 3  Should I Still Buy and Bill for Biologics?
James Tracy, DO, FACAAI

Table 4  Maximizing the Role of an Advanced Practice Provider as a Team Member
Abby L. Allen, RN, NP and J. Wesley Sublett, MD, MPH, FACAAI

Table 5  Remote Patient Monitoring and At-home Technologies: Are They Viable for the Long Term?
Travis A. Miller, MD, FACAAI

Table 6  Expanding Your Practice Through Telemedicine
Melinda M. Rathkopf, MD, FACAAI

11:30 am  Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
- Expand and implement additional practice services.
- Enhance patient outreach through available telehealth technologies.
- Increase the role of Allied Professionals.
Interdisciplinary Panel

Addressing the Mental Health Impact on Patients, Parents, Families
Moderators: Grace P. Tamesis, MD, MPH, FACAAI; and Deepa Patadia, MD

In this session, the impact of mental health concerns on allergy patients and their families. The evidence regarding the burden of mental illness on allergy patients will be reviewed. Participants will be introduced to practical tools that they can implement in their offices to identify and address mental illness in their patients.

Track: Population Health and Infectious Diseases / International Travel

10:00 am Welcome and Introductions
Grace P. Tamesis, MD, MPH, FACAAI; and Deepa Patadia, MD

10:03 am Mental Health Screening for Allergy and Asthma Patients: Does It Have Practical Utility?
Gailen D. Marshall, Jr., MD, PhD, FACAAI

10:53 am Specific Tools for the Anxious Food Allergy Patient
Katherine Dahlsgaard, PhD

11:18 am Questions and Discussion

11:30 am Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Describe the impact of elevated stress, anxiety and depression on allergy and asthma patients.
• Discuss the various practical ways that mental health screening can be performed in practicing allergists’ offices.
• Evaluate the effectiveness of managing mental health concerns on clinical outcomes in allergy and asthma patients.

11:35 am – 1:00 pm
Visit Exhibits • Lunch (On Own)
Exhibit Hall (Upper Concourse)
Kentucky International Convention Center

Supported by Sanofi and Regeneron

11:35 am – 1:00 pm
Jeopardy
What’s That Rash, Doctor?
Moderator / Host: Stephanie L. Mawhirt, DO, FACAAI

This quiz-show format session is designed to assist the attendee in developing a better understanding of terms used to diagnose various skin conditions, recognize common and similar patterns of skin disease and formulate a treatment strategy. Rapid fire, high yield and fun, all rolled into one.

Track: Dermatology

1:00 pm Welcome and Introductions
Stephanie L. Mawhirt, DO, FACAAI

1:05 pm Game Time!
Faculty: Luz S. Fonacier, MD, FACAAI
Kelly M. Maples, MD, FACAAI
Marc Serota, MD

2:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Define basic dermatology terms.
• Recognize skin lesions that look alike.
• Develop an appropriate treatment plan.
Sunday General Sessions

Allergen Mixing in the Allergist’s Office: Session One – The Changing Environment in Allergy and Immunology Extract Mixing
Moderator: Maureen M. Petersen, MD, FACAAI
Supported by an independent educational grant from Stallergenes Greer

This session will provide comprehensive didactic presentations and an in-person demonstration detailing allergen extract mixing compliant with USP 797 standards. Attendees will understand USP 797 standards, view a live demonstration of area sterilization techniques and observe individualized media fill and glove tip testing.

Track: Clinical Immunology and Autoimmune and Biologicals

1:00 pm Welcome and Introductions Maureen M. Petersen, MD, FACAAI
1:03 pm The Changing Environment in Allergy and Immunology Michael R. Nelson, MD, PhD, FACAAI
1:18 pm Allergens and Standardization Maureen M. Petersen, MD, FACAAI
1:33 pm A History of Immunotherapy – How Did We Get to Where We Are? Harold S. Nelson, MD, FACAAI
1:48 pm The Media Fill Test and Glove Tip Test Explained Maureen M. Petersen, MD, FACAAI
2:20 pm Questions and Discussion
2:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
- Identify the key changes to the allergen mixing environment and cutting-edge research to advance immunotherapy.
- Discuss the preparation of an allergen extract kit to include selection of allergens, diluents, and allergen standardization.
- Demonstrate the important tests needed to meet USP 797 standards to include the media fill test and glove tip test.

Coding and Government Relations
Moderators: James Tracy, DO, FACAAI; and James L. Sublett, MD, FACAAI

This session will address relevant changes, modifications and implementation of CPT and ICD-10 coding for 2022-2023. This will be accomplished by practical case-based scenarios focused on how the change may affect the practice of allergy and clinical immunology. In addition, we’ll review the state of politics and the national perspective of medicine. Finally, we’ll offer an update on the changing landscape on Capitol Hill as it relates to the current state of government.

Track: Practice Management and Professional Issues

1:00 pm Welcome and Introductions James Tracy, DO, FACAAI; and James L. Sublett, MD, FACAAI
1:03 pm Coding Update Gary N. Gross, MD, FACAAI
1:28 pm We Advocate – What Are the Issues? Warner Carr, MD, FACAAI
1:53 pm Government / Legislative Update Matt Reiter
2:18 pm Questions and Discussion
2:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
- Describe coding changes and updates relevant to allergy practice.
- Describe how allergists and organizations have been involved using past examples and calls to action for future work.
- Recognize governmental and legislative updates for the allergist.
Sunday General Sessions

Introduction to Rhinolaryngoscopy

Moderator: Jerald W. Koepke, MD, FACAAI

Indications for, and use of, the fiberoptic rhinoscope in the allergist’s office will be reviewed. This session will discuss the surgical anatomy of the upper airway, including the nasal cavity, pharynx, and larynx as seen during a fiberoptic examination of the upper airway using a rhinoscope. Slides and video clips will be shown that identify normal and abnormal anatomy, as well as disease presentations, and postoperative changes found by endoscopic examination of the upper airway.

Track: Rhinitis / Sinusitis / Ocular and Anaphylaxis

1:00 pm Welcome and Introductions
Jerald W. Koepke, MD, FACAAI

Presentations:
Jerald W. Koepke, MD, FACAAI
Seong H. Cho, MD, FACAAI

2:20 pm Questions and Discussion

2:30 pm Adjourn

Learning Objectives

Upon completion of this session, participants should be able to:

• Describe the major anatomical findings in the upper airway.
• Identify normal and abnormal anatomy, disease presentations and post-op findings.
• Identify indications for use of the rhinoscope in the allergist’s office.

Mastering Biologics Used in Atopic Conditions

Moderators: Jeremy S. Katcher, MD, FACAAI; and Nicole M. Chase, MD, FACAAI

Supported by an independent educational grant from Sanofi and Regeneron

Biologics have become a mainstay in treatment of many allergic conditions. In fact, each year more and more biologic medications become approved or receive new indications. Allergists/Immunologists need to be aware of all these medications and their uses. The most common conditions for which biologics are used in allergy include asthma, urticaria, atopic dermatitis, and chronic rhinosinusitis with nasal polyposis. Over the past year, there have been many new biologics approved for each area described above. Allergists must have the knowledge and understanding of these medications and be competent in their ability to prescribe them to their patients.

Track: Asthma and Respiratory / Sleep Disorders

1:00 pm Welcome and Introductions
Jeremy S. Katcher, MD, FACAAI; and Nicole M. Chase, MD, FACAAI

1:03 pm Asthma and Biomarkers
Thomas B. Casale, MD, FACAAI

1:28 pm Nasal Polyposis
Anju T. Peters, MD

1:53 pm Skin Conditions
Andrew Alexis, MD, MPH

2:18 pm Questions and Discussion

2:30 pm Adjourn

Learning Objectives

Upon completion of this session, participants should be able to:

• Compare the current biologics approved for asthma.
• Evaluate the current biologics approved for nasal polyposis.
• Identify the latest biologic therapies used in atopic dermatitis and chronic spontaneous urticaria.

2:30 – 3:00 pm Refreshment Break
Ballroom Pre-Function and M100-M112 Pre-Function
Kentucky International Convention Center
Sunday General Sessions

3:00 – 4:30 pm • Ballroom ABC
Kentucky International Convention Center

Symposium

Breastfeeding and Maternal Diet in Eczema and Food Allergies

Moderators: Kevin J. Kelly, MD, FACAAI; and Anna H. Nowak-Wegrzyn, MD, PhD, FACAAI

This interdisciplinary session will discuss current data on the role of maternal diet in infants with eczema and/or food allergy, including as a method of prevention.

Track: Food & Drug Allergy and GI Disorders

3:00 pm Welcome and Introductions
Kevin J. Kelly, MD, FACAAI; and Anna H. Nowak-Wegrzyn, MD, PhD, FACAAI

3:03 pm What Are the Data on Primary Prevention of Food Allergy and Eczema Through Diet
Carina Venter, PhD, RD

3:28 pm Should I Recommend Food Avoidance In My Patients With Eczema
Matthew C. Greenhawt, MD, MBA, MSc, FACAAI

3:53 pm How to Counsel Breastfeeding Mothers Regarding Their Diet
Jamie L. Kabourek, MS, RD

4:18 pm Questions and Discussion

4:30 pm Adjourn

Learning Objectives

Upon completion of this session, participants should be able to:
• Analyze data on maternal and infant diet in prevention of eczema and food allergy.
• Assess the effect of dietary eliminations in children with eczema.
• Provide guidance on maternal dietary practices during breastfeeding for infants with eczema and/or food allergy.

3:00 – 4:30 pm • Room M104-M107
Kentucky International Convention Center

Symposium

Allergen Mixing in the Allergist’s Office: Session Two – The Compliant Mixing Room

Moderator: Maureen M. Petersen, MD, FACAAI

Supported by an independent educational grant from Stallergenes Greer

This session brings together speakers with first-hand regulatory and allergen mixing experience to share a deeper look at USP 797 standards. Attendees will gain an understanding of implementation of these standards in an allergen extract compounding area to maintain a safe and effective mixing environment.

Track: Clinical Immunology and Autoimmune and Biologicals

3:00 pm Welcome and Introductions
Maureen M. Petersen, MD, FACAAI

3:03 pm USP 797 and the Current Regulations Regarding Mixing
James L. Sublett, MD, FACAAI

3:23 pm Understanding Potential Safety Issues in the Mixing Room
Bryan L. Martin, DO, FACAAI

3:43 pm Experiences Within a Large Mixing Practice
David J. Schwartz, MD

4:03 pm The Allergenic Extracts Compounding Area (AECA)
Sarah W. Spriet, DO, FACAAI

4:23 pm Questions and Discussion

4:30 pm Adjourn

Learning Objectives

Upon completion of this session, participants should be able to:
• Identify the key changes to the allergen mixing environment and cutting-edge research to advance immunotherapy.
• Discuss the preparation of an allergen extract kit to include selection of allergens, diluents, and allergen standardization.
• Implement the USP Chapter 797 guidelines for the preparation of allergen extract treatment sets and provide resources to assist allergy practices in meeting the requirements.
### Utilizing Genetic Testing to Manage Immunodeficiency

**Moderators:** Heather K. Lehman, MD; and Thomas A. Fleisher, MD, FACAAI

Genetic testing has become mainstream in the identification and management of primary immunodeficiency. This session will focus on the practical implementation of genetic testing in the office.

**Track:** Clinical Immunology and Autoimmune and Biologicals

**Learning Objectives**

Upon completion of this session, participants should be able to:
- Recall examples of specific diseases that are appropriate for sending off genetic testing.
- Discuss when testing is appropriate for their patients who they think may have an inborn error of immunity.
- Demonstrate how to order genetic testing for inborn errors of immunity.
- Determine how to interpret variants of unknown significance on a genetic report.

---

### In the News at ABAI

**Moderator:** Michael R. Nelson, MD, PhD, FACAAI

The ACAAI, ABAI and diplomates are key stakeholders in the transformation of the ABAI and the Allergy and Immunology Continuing Certification program. This session will provide attendees with an overview of the CAP five-year cycle score, CAP progress meter and the groundbreaking ABAI initiatives for diplomates.

**Track:** Practice Management / Professional Issues

**Learning Objectives**

Upon completion of this session, participants should be able to:
- Understand the CAP 5-Year Cycle Score and Progress Meter.
- Understand the Test Writing Committee and Ambassador Role and Function.
- Identify volunteer opportunities, including the self-nomination pathway for the Test Writing Committee, Ambassador Program and Board of Directors.
Sunday General Sessions

4:30 – 5:30 pm • Ballroom ABC • Kentucky International Convention Center

ACAAI Annual Business Meeting

All College Members are invited to attend.

Call to Order and Approval of 2021 Minutes & Standing Rules
Mark L. Corbett, MD, FACAAI, President

State of the College
Mark L. Corbett, MD, FACAAI

Historian’s Report
Joseph A. Bellanti, MD, FACAAI (Emeritus), Historian

Presentation of New Fellows, Distinguished and International Distinguished Fellows, Distinguished Service, Woman in Allergy, EMD Award, Annals FIT Awards
Mark L. Corbett, MD, FACAAI, President; Michael S. Blaiss, MD, FACAAI, Executive Medical Director; and Mitchell H. Grayson, MD, FACAAI, Editor-in-Chief, Annals of Allergy, Asthma & Immunology

Foundation Report and Community Grant Awards
David B. Engler, MD, FACAAI, Foundation President

Alliance Address and Clemens von Pirquet Awards
Mrs. Lelia Sublett and Mrs. Charlotte Meadows, Alliance Co-Presidents

Advocacy Council Report
Warner W. Carr, MD, FACAAI, Advocacy Council Chair

Bylaws Committee Report
Santiago Martinez, MD, FACAAI, Bylaws Committee Chair

Recognition of Outgoing Regents
Mark L. Corbett, MD, FACAAI, President

Nominating Council Report and Election of Officers
J. Allen Meadows, MD, FACAAI, Nominating Council Chair

Installation of New President and President’s Acceptance
Mark L. Corbett, MD, FACAAI; and Kathleen R. May, MD, FACAAI, President 2022-2023

Presentation to Outgoing President and New Business
Kathleen R. May, MD, FACAAI
Monday General Sessions

8:00 – 9:30 am • Ballroom ABC
Kentucky International Convention Center

Implementing New Guidelines Into Practice
Moderators: Brian T. Kelly, MD, MA, FACAAI; and Jay A. Lieberman, MD, FACAAI

The final plenary session of the 2022 Annual Meeting will focus on updates to the clinical guidelines published in the last few years. This session promises to provide some of the most practical advice on management of atopic dermatitis and chronic sinusitis. A new talk this year will review the GRADE analysis used in developing practice parameters to give the attendees an idea of how these guidelines are put together.

Track: ACAAI

8:00 am Welcome and Introductions
Brian T. Kelly, MD, MA, FACAAI; and Jay A. Lieberman, MD, FACAAI

8:03 am Guidelines Development Process and Implementation Into Your Practice
Derek K. Chu, MD, PhD

8:20 am Updates on Sinusitis Parameter
Jonathan A. Bernstein, MD, FACAAI

8:40 am Updates on Atopic Dermatitis GRADE Guidelines
Lynda C. Schneider, MD, FACAAI

9:00 am Bela Schick Lecture
Implicit Bias: It Is Not Always What You See
Cherie Zachary, MD, FACAAI

9:20 am Questions and Discussion

9:30 am Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Summarize the methodology used in the guideline development and update process.
• Interpret and apply the recent Sinus Parameter updates.
• Interpret and apply the recent GRADE Guidelines updates.

9:30 – 9:45 am
Refreshment Break
Ballroom Pre-Function
Kentucky International Convention Center

9:45 – 11:00 am • Ballroom ABC
Kentucky International Convention Center

Symposium

Advances in Food Allergy Immunotherapy
Moderators: Julie Wang, MD, FACAAI; and J. Andrew Bird, MD, FACAAI

Supported by an independent educational grant from Genentech, a member of the Roche Group

This session will address key questions in food immunotherapy and initiate interesting discussions into the use of different food immunotherapy approaches, including benefits and risks, identifying the right candidate for each approach and addressing practical issues in clinical practice.

Track: Food & Drug Allergy and GI Disorders

9:45 am Welcome and Introductions
Julie Wang, MD, FACAAI; and J. Andrew Bird, MD, FACAAI

9:48 am Will I Ever Use SLIT for My Food Allergic Patients?
Edwin H. Kim, MD, FACAAI

10:08 am Where Will Biologics Fit in the Future?
David M. Fleischer, MD, FACAAI

10:28 am Novel Forms of Immunotherapy
Katherine Anagnostou, MD, PhD, FACAAI

10:48 am Questions and Discussion

11:00 am Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Describe benefits and risks of SLIT and future directions.
• Compare current and past studies evaluating biologics for the treatment of food allergies.
• Discuss novel forms of immunotherapies to treat food allergies including epicutaneous and novel forms of oral and subcutaneous immunotherapy.
Aspirin Desensitization vs. Biologic Therapy for Patients With AERD

Moderator: Jeffrey G. Demain, MD, FACAAI

With the approval of various biologics for nasal polyps, the number of medical options for AERD patients has drastically increased. The practicing allergist can now provide multiple options for patients who suffer from this chronic condition and the discussion between aspirin desensitization and biologic therapy has increased. This session will include a lively discussion between the advantages and disadvantages of each therapy.

Track: Rhinitis / Sinusitis / Ocular and Anaphylaxis

9:45 am Welcome and Introductions
Jeffrey G. Demain, MD, FACAAI

9:48 am Aspirin Desensitization in AERD
Andrew A. White, MD

10:08 am Biologics in AERD
Larry Borish, MD, FACAAI

10:28 am Developing a Multidisciplinary Management Approach for AERD Patients
Shyam R. Joshi, MD

10:48 am Questions and Discussion

Learning Objectives
Upon completion of this session, participants should be able to:
• List the multiple approaches to managing patients with AERD.
• Describe the advantages and disadvantages of these therapies.
• Collaborate with specialists to advance patient treatment.

How Do I Know if Allergy Shots Are Working?

Moderators: Heidi T. Zafra, MD, FACAAI; and Bradley A. Locke, DO

Immunotherapy is an extremely effective method of treating allergic rhinoconjunctivitis. This session will focus on providing information on the nuts and bolts of immunotherapy.

Track: Immunotherapy and Diagnostics

9:45 am Welcome and Introductions
Heidi T. Zafra, MD, FACAAI; and Bradley A. Locke, DO

9:48 am Mechanisms Involved in Allergen Immunotherapy
Harold S. Nelson, MD, FACAAI

10:08 am Effective Duration and Markers of Allergen Immunotherapy
Amber M. Patterson, MD, FACAAI

10:28 am Monitoring and Counseling of Patients During Allergen Immunotherapy
David I. Bernstein, MD, FACAAI

10:48 am Questions and Discussion

Learning Objectives
Upon completion of this session, participants should be able to:
• Review the mechanisms of immunotherapy.
• Apply potential serologic or clinical tools and markers to assess if the immunotherapy has been effective for your patient.
• Identify the approach to discuss duration of immunotherapy and monitoring of symptoms with patients.
Monday General Sessions

World Allergy Organization Forum:
New Approaches to Drug Allergies

Moderators: Mark L. Corbett, MD, FACAAI; and Bryan L. Martin, DO, FACAAI

Drug allergies are becoming a larger part of most practices of Allergy and Immunology. In this session, participants will learn about new approaches to common allergens such as penicillin and aspirin, as well as approaches to agents such as chemotherapeutic and perioperative drugs that have also been identified as potential allergens.

Track: Food & Drug Allergies and GI Disorders

9:45 am Welcome and Introductions
Mark L. Corbett, MD, FACAAI; and Bryan L. Martin, DO, FACAAI

9:48 am New Approaches to Penicillin Allergy
David A. Khan, MD, FACAAI

10:08 am New Approaches to Aspirin Allergy
Sandra N. Gonzalez-Diaz, MD, PhD

10:28 am New Approaches – Allergies to Chemotherapeutic Drugs, Allergies to Antibiotics Other Than Penicillin, and Perioperative Anaphylaxis
Mariana C. Castells, MD, PhD, FACAAI

10:48 am Questions and Discussion

11:00 am Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Describe the risk to patients of having an appropriate label of penicillin allergy and the methodology to initiate a de-labeling program.
• Discuss the differentiation of ASA allergy into AERD and non-AERD allergy and how to appropriately test and treat patients in each category.
• Define the appropriate work-up to identify and potentially challenge patients with allergies to antibiotics other than penicillin.
• Define the workup of patients who have potential reactions to chemotherapeutic medications.
• Recognize, test, and advise patients who have perioperative anaphylaxis.

Hybrid Care: The Use of Remote Patient Monitoring in Clinical Practice

Moderators: Brian T. Kelly, MD, MA, FACAAI; and Becky J. Buelow, MD, MS

As technology improves and accelerates, Remote Patient Monitoring and Remote Therapeutic Monitoring is becoming more and more important in the care of patients. This session will review the currently available RPM and RTM options in allergy practice and how to use them.

Track: Practice Management and Professional Issues

11:15 am Welcome and Introductions
Brian T. Kelly, MD, MA, FACAAI; and Becky J. Buelow, MD, MS

11:18 am RPM / RTM Programs and Those Available for Asthma and Allergy Care
Jennifer A. Shih, MD, FACAAI

11:38 am Using Telehealth to Support Distant Patients
Tania Elliott, MD, FACAAI

11:58 am Understanding of the CPT Codes for RPM/RTM
Sakina S. Bajowala, MD

12:18 pm Questions and Discussion

12:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Develop an understanding of the types of RPM and RTM programs and those available for asthma and allergy care.
• Successfully address and support both local and distant patients.
• Correctly identify and utilize appropriate CPT codes.
**Monday General Sessions**

**The Management of COVID for the Allergist / Immunologist**

Moderators: Joseph A. Bellanti, MD, FACAAI (Emeritus); and Chris Foster, MD

Allergist/immunologists are uniquely positioned to manage patients with COVID infection and long-term sequelae. This session will discuss important management considerations for severely immunocompromised patients, along with strategies to treat acute infection and long-term sequelae.

**Track:** Clinical Immunology and Autoimmune and Biologicals

11:15 am – 12:30 pm • Room M100-M103

Kentucky International Convention Center

Symposium

**Treatment of Non-Th2 Asthma**

Moderators: Jeremy S. Katcher, MD, FACAAI; and Lindsey E. Moore, DO, FACAAI

The majority of asthma management focuses on Th2 predominant asthma. However, there is a significant number of patients who suffer from non-Th2 asthma. This session focuses on the management of these patients.

**Track:** Asthma and Respiratory / Sleep Disorders

11:15 am – 12:30 pm • Room M104-M107

Kentucky International Convention Center

Symposium

---

**Learning Objectives**

Upon completion of this session, participants should be able to:

- Identify which immunocompromised patients are at risk of poor outcomes from COVID and discuss treatment strategies.
- Describe outpatient therapies for acute COVID infection.
- Discuss research on managing long-term sequelae of COVID.

- Discuss the definition and pathogenesis of non-Th2 asthma.
- Recognize available treatments for non-Th2 asthma, including biologic therapies.
- Demonstrate the ability to counsel patients with non-Th2 asthma.
Monday General Sessions

11:15 am – 12:30 pm • Room M108-M111
Kentucky International Convention Center

Interdisciplinary Panel

Infections, Microbiome and Bacteriotherapies in Atopic Dermatitis

Moderators: Kelly M. Maples, MD, FACAAI; and Fatima S. Khan, MD, FACAAI

Reduced levels of antimicrobial molecules in the skin can increase the risk of infection. Experts will discuss the management of infections and complications and summarize the introduction of potential skin bacteriotherapies.

Track: Dermatology

11:15 am Welcome and Introductions
Kelly M. Maples, MD, FACAAI; and Fatima S. Khan, MD, FACAAI

11:18 am Infectious Complications
Peck Y. Ong, MD, FACAAI

11:38 am Management of Infections
Juri Boguniewicz, MD

11:58 am Role of the Microbiome and Use of Bacteriotherapies
Ian A. Myles, MD, MPH

12:18 pm Questions and Discussion

12:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Recognize different infectious complications in atopic dermatitis.
• Treat common infectious complications in atopic dermatitis.
• Explain potential skin bacteriotherapies in atopic dermatitis.

12:30 pm
2022 Annual Scientific Meeting Adjourns
Thank you for joining us!

Join us next year in Anaheim, Nov. 9-13, 2023!
All Fellows-in-Training are encouraged to participate in the following special activities designed to meet their unique needs and interests. Friday’s FIT Business Meeting includes the presentations and election of the 2022–2023 Junior Fellow-in-Training representative to the ACAAI Board of Regents. All the activities shown on this page, as well as all general sessions, are complimentary.

Friday, November 11

FIT Integrated Educational Program & Business Meeting

Innovation Out of the Gate – “There’s a Way to Do It Better – Find It” (Thomas Edison)

4:30 – 6:00 pm • Room M104-M107
Kentucky International Convention Center

See page 46 for session details

President’s Welcome Reception

6:00 – 7:30 pm
Churchill Downs
Supervised by Aimmune Therapeutics

See page 46 for more details

Saturday, November 12

Fellows-in-Training and Allergy/Immunology Program Directors’ Breakfast

Registration Required • (FITs and TPDs only)
6:15 – 7:15 am • Ballroom DE
Kentucky International Convention Center

Supported by ALK-Abelló, Inc.

Doctors’ Job Fair

11:30 am – 3:00 pm • Exhibit Hall (Upper Concourse)
Kentucky International Convention Center

31st Annual FIT Bowl Competition

5:30 – 7:30 pm • Commonwealth Ballroom (Level 2)
Omni Louisville Hotel

Supported by DBV Technologies

See page 60 for more details

Sunday, November 13

Fellows-in-Training and Allergy/Immunology Program Directors’ Luncheon

Registration Required • (FITs and TPDs only)
11:30 am – 1:00 pm • Marriott Ballroom Salon VI
Louisville Marriott Downtown Hotel

Supported by Stallergenes Greer
Friday Allied Health Professionals Workshop

3:00 – 4:30 pm • Room M105-M106 • Kentucky International Convention Center

Separate Registration • Admission by Ticket Only
Allied Health and Advanced Practice Program registrants only. Fee $50. • Limit 24.

Hands-on Workshop (AHP)

The Use of Case Simulation for the Education of Allergy Emergencies – Spotlight on Anaphylaxis

Moderator: Marcella R. Aquino, MD, FACAAI

Participants will learn to identify and treat infantile and adult anaphylaxis. Additionally, participants will gain first-hand knowledge of the use of simulation for office drills/preparedness of systemic reactions/anaphylaxis in allergy practices. Each participant will experience one pediatric and one adult encounter.

Track: Rhinitis / Sinusitis / Ocular and Anaphylaxis

3:00 pm Welcome and Introductions
Marcella R. Aquino, MD, FACAAI

3:03 pm Introduction to Anaphylaxis Simulation
Marcella R. Aquino, MD, FACAAI

3:15 pm Hands-on Training
Trainers:
Stephanie L. Mawhirt, DO, FACAAI
Rebecca R. Saff, MD, PhD
Marcella R. Aquino, MD, FACAAI
Linda Brown, MD, MSCE

4:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Recognize anaphylaxis in infant and adult patients via the use of high-fidelity simulator.
• Manage anaphylaxis in infants and adult patients.
• Identify simulation as a modality for office preparedness of anaphylaxis.

4:45 – 6:00 pm
Advanced Practice, Allied Health and Office Administrators Networking Reception
Commonwealth Ballroom Salon 3 (Level 2)
Omni Louisville Hotel

Supported by Aimmune Therapeutics
Saturday Allied Health Professionals Course

10:00 am – 4:30 pm • Room M112 • Kentucky International Convention Center

Allied Health Professionals Course

Separate Registration • Admission by Ticket Only

You must be registered for the Annual Scientific Meeting to participate in the Allied Health Professionals Course.

10:00 – 11:30 am • Room M112
Kentucky International Convention Center

A Focus on Patient Education

Moderator: Lisa B. Rosenberg, MEd, MSW, LCSW

This lightning-fast session will discuss targeted educational points regarding various allergic diseases which should be part of every allergy provider’s toolkit.

10:00 am  Welcome and Introductions
Lisa B. Rosenberg, MEd, MSW, LCSW

10:05 am  Immunology
Brenda L. Snyder, APRN, CPNP

10:16 am  Asthma
Kristen K. Welborn, MSN, APRN, FNP-BC

10:27 am  Anaphylaxis
Jodi A. Shroba, MSN, APRN, CPNP

10:38 am  Atopic Dermatitis
Anil Nanda, MD, FACAAI

10:49 am  Formulas for Milk and Soy Allergies
Raquel Z. Durban, MS, RD, CSP, LDN

11:00 am  Anxiety and Allergic Disease
Tamara Hubbard, MA, LCPC

11:11 am  Combating Medical Misinformation
David R. Stukus, MD, FACAAI

11:22 am  Questions and Discussion

11:30 am  Adjourn

Learning Objectives

Upon completion of this session, participants should be able to:

• Review key educational messages for the patient with an immune deficiency.
• Review key educational messages for the patient with asthma.
• Review key educational messages for the patient with a history of anaphylaxis.
• Review key educational messages for home care of the patient with atopic dermatitis.
• Review key educational messages for parents managing their children with milk and soy allergies.
• Review key educational messages for the management of anxiety in the patient with allergic disease.
• Review key educational messages for patient in the fight against medical misinformation.

11:30 am – 1:00 pm
Visit Exhibits • Lunch (On Own)
Exhibit Hall (Upper Concourse)
Kentucky International Convention Center

11:35 am – 1:00 pm
ePosters – Meet the Authors:
Session 2
Exhibit Hall (Upper Concourse)
Kentucky International Convention Center
(See page 14 for details)
Supported by Sanofi and Regeneron

11:35 am – 1:00 pm
Product Theaters
Exhibit Hall (Upper Concourse)
Kentucky International Convention Center
(See pages 86-87 for details)

1:00 – 2:30 pm
Breakout Sessions
(See next page for details)

Continues on next page
Saturday Allied Health Professionals Course

Saturday Breakout Sessions: 1:00 – 2:30 pm

1:00 – 2:30 pm • Room M113
Kentucky International Convention Center
Seats available on a first come, first served basis.
Limit 36.

“Am I Doing This Right?”
Moderator: Tara Doran, RN, BSN, MHA

1:00 pm Welcome and Introductions
Tara Doran, RN, BSN, MHA

Table 1 Patch Testing (From proper application to interpretations and avoidance recommendations)
Abby L. Allen, RN, NP

Table 2 Spirometry (Review of latest ATS guidelines)
Michelle R. Dickens, RN, FNP-C, AE-C

Table 3 Punch Biopsy (from consent to procedure)
David R. Weldon, MD, FACAAI

Table 4 Food Challenges: Tips and Tricks
Maria G. Crain, APRN, CPNP

2:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Describe proper application of patch testing.
• Summarize the highlights of the 2019 update to the ATS spirometry guidelines.
• Review the steps for obtaining a punch biopsy. Explore tips for successful food challenges.

1:00 – 2:30 pm • Room M112
Kentucky International Convention Center

Anaphylaxis In and Out of the Office
Moderator: Kimberly G. Clay, RN, MSN, APRN, FNP-BC

The key to surviving anaphylaxis is preparation, both in the allergist’s office and for patients who experience a reaction outside of the office. This session will review evidence-based strategies to improve patient outcomes in the face of a life-threatening allergic reaction.

1:00 pm Welcome and Introductions
Kimberly G. Clay, RN, MSN, APRN, FNP-BC

1:03 pm What Is Anaphylaxis? Review of the Pathophysiology
Stephanie L. Mawhirt, DO, FACAAI

1:20 pm Review of Guidelines to Document and Manage Anaphylaxis in the Office
Anne K. Ellis, MD, MSc, FACAAI

2:00 pm Anaphylaxis Out of the Office (Plans, Patient Education, etc.)
Bryan L. Martin, DO, FACAAI

2:20 pm Questions and Discussion

2:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Review the pathophysiology of anaphylaxis.
• Explore the guidelines for management of anaphylaxis in the office.
• Assemble resources for patients for the management of anaphylaxis outside the medical office.

2:35 – 3:00 pm
Product Theaters
Exhibit Hall (Upper Concourse)
Kentucky International Convention Center
(See pages 87-88 for details)

2:35 – 3:00 pm
ePosters – On Demand Viewing
Exhibit Hall (Upper Concourse)
Kentucky International Convention Center
Supported by Sanofi and Regeneron
Atopic Dermatitis 2.0

Moderator: Michelle R. Dickens, RN, FNP-C, AE-C

Go more than skin deep in a fun, quiz style session on the diagnosis and management of atopic dermatitis.

3:00 pm Welcome and Introductions
Michelle R. Dickens, RN, FNP-C, AE-C

Faculty
Ashlee Law, PA-C
Abby L. Allen, RN, NPI

4:20 pm Questions and Discussion

4:30 pm Adjourn

Learning Objectives
Upon completion of this session, participants should be able to:
• Review treatment options from old classics such as skin care routine to new approved therapies.
Non-CME Corporate Forums

Following the close of Thursday, Friday and Saturday’s scientific sessions, all registrants are invited to attend the special Corporate Forums at the Omni Louisville Hotel. Corporate Forums are non-CME promotional symposia organized by industry and designed to enhance your learning experience.

Thursday, Nov. 10

6:30 – 8:30 pm
Olmsted Ballroom Salons 1-3 (Level 2)
Omni Louisville Hotel

Type 2 Inflammation Challenge: Test Your Knowledge
Supported by Sanofi and Regeneron

Presented by:
Gregory Bensch, MD
Cedric “Jamie” Rutland, MD

Are you an expert on Type 2 inflammation? Let’s find out! Join us and put your knowledge of Type 2 inflammation to the test against your peers while learning about a treatment option for appropriate patients with certain Type 2 inflammatory diseases.

Also visit Sanofi and Regeneron at Booth #1107.

6:30 – 8:30 pm
Olmsted Ballroom Salons 5-7 (Level 2)
Omni Louisville Hotel

Plasticity of the Allergic Toddler Immune System: From Bench to Bedside
Supported by Aimmune Therapeutics

Presented by:
Professor Gideon Lack, MD
Brian Vickery, MD
Amy Scurlock MD
Erik Wambre, PhD

The opportunity to prevent and/or modify the allergic immune response may be greater in atopic toddlers than in older children. This symposium will review both the current state of knowledge of relevant immune mechanisms as well as clinical trial data exploring the effects of intervention in this age group.

Also visit Aimmune Therapeutics at Booth #1223.

Thursday, Nov 10

6:30 – 8:30 pm
Olmsted Ballroom Salon 4 (Level 2)
Omni Louisville Hotel

The Impact of Eosinophils in Eosinophilic Esophagitis
Supported by AstraZeneca

Presented by:
Jonathan Spergel, MD, PhD

At this session, explore how eosinophils contribute to chronic inflammation in eosinophilic esophagitis (EoE). Chronic eosinophilic inflammation can lead to a myriad of symptoms that may impact patient quality of life. Join a discussion on the role of eosinophils in EoE and the importance of understanding esophageal inflammation.

Also visit AstraZeneca at Booth #815.

Friday, Nov. 11

8:00 – 10:00 pm
Olmsted Ballroom Salon 4 (Level 2)
Omni Louisville Hotel

Exploring Difficult-to-Treat Asthma: A Series of Case-Based Discussions
Supported by GSK

Presented by:
Brian Modena, MD, MSc
Diego Maselli, MD

Join experts for an interactive discussion and review of clinical challenges presented by uncontrolled, difficult-to-treat and severe asthma, often complicated by comorbidities. Case discussions will review clinical presentation and evidence-based guidelines to improve understanding of when to optimize inhaled therapy versus add a biologic to improve patient outcomes.

Also visit GSK at Booth #835.

Non-CME Corporate Forums

Following the close of Thursday, Friday and Saturday’s scientific session, all registrants are invited to attend the special Corporate Forums at the Omni Louisville Hotel. Corporate Forums are non-CME promotional symposia organized by industry and designed to enhance your learning experience.

Friday, Nov. 11

8:00 – 10:00 pm
Olmsted Ballroom Salons 5-7 (Level 2)
Omni Louisville Hotel
Mild-to-Moderate Atopic Dermatitis
Clinical Gallery: An Interactive, Non-CME, Promotional Poster Presentation
Supported by Incyte Corporation

Presented by:
Gregory Bensch, MD
Marc Serota, MD

Join Gregory Bensch, MD; Marc Serota, MD; and Incyte for an interactive, non-CME promotional poster presentation to learn more about a topical treatment option and how it could help your patients. You will engage directly with the experts in this presentation format. We look forward to seeing you at Incyte’s promotional session.

Also visit Incyte Corporation at Booth #445.

Saturday, Nov. 12

7:45 – 9:45 pm
Olmsted Ballroom Salons 5-7 (Level 2)
Omni Louisville Hotel
Challenging AD Expectations: A Therapy Option That Challenges Treatment Goals for Patients With Refractory, Moderate-to-Severe Atopic Dermatitis (AD) Who Are Not Adequately Controlled With Other Systemic Drug Products
Supported by AbbVie

Presented by:
Lawrence Eichenfield, MD
Bob Geng, MD

Please join us for an engaging, expert-led discussion on the latest data for patients with moderate-to-severe atopic dermatitis.

Also visit AbbVie at Booth #729.

8:00 – 10:00 pm
Olmsted Ballroom Salons 1-3 (Level 2)
Omni Louisville Hotel
Pathophysiology of Inflammation in Atopic Dermatitis
Supported by Sanofi and Regeneron

Presented by:
Dareen D. Siri, MD
Gregory Puglisi, MD

Come learn more about the pathophysiology of inflammation in atopic dermatitis.

Also visit Sanofi and Regeneron at Booth #1107.

7:45 – 9:45 pm
Olmsted Ballroom Salon 4 (Level 2)
Omni Louisville Hotel
Leveling the Playing Field for All Patients With Severe Asthma: Directing New Treatment Approaches at the Airway Epithelium
Supported by AstraZeneca

Presented by:
Juan Carlos Cardet, MD
Geoffrey L. Chupp, MD

Our unique ‘How I Think, How I Treat’ instructional format offers a personal look at how experts apply evidence-based guidelines and translate new data when treating patients with severe asthma. The immunology of the epithelial alarmin TSLP provides a novel approach, with a goal of reducing and preventing disease progression.

Also visit AstraZeneca at Booth #815.

Moderate-to-Severe Asthma: Solutions for Gaining Control Using Phenotypic Presentations

Supported by Sanofi and Regeneron

Presented by:
Michael E. Wechsler, MD, MMSc (Chair)
Leonard B. Bacharier, MD
Bradley E. Chipps, MD
Sandhya Khurana, MD

Join us for an interactive dinner forum featuring case discussions and gaming to learn about the pathophysiology and best practices for accurate diagnosis and treatment selection for moderate to severe asthma.

Also visit Sanofi and Regeneron at Booth #1107.

The Alliance of the American College of Allergy, Asthma & Immunology hosts a variety of social events and programs for registered spouses and guests throughout the Annual Meeting. The following presentations/programs for Alliance Members and participating spouses/guests are scheduled to take place during the meeting. The Alliance programs will be held at the Omni Louisville Hotel.

**Alliance Hospitality Suite**

8:00 – 10:30 am • Commonwealth Ballroom Salons 2 & 3 (Level 2) • Omni Louisville Hotel

Friday through Sunday, November 11 – 13

Registered spouses and guests are invited to start the day with a visit to the hospitality suite. It’s a perfect way to connect with old friends and meet new ones.

**Friday, November 11**

**Kentucky Derby History** 8:30 – 9:30 am
Join us to learn about the history of the Kentucky Derby and historic Churchill Downs. You'll also have the opportunity to work with a millinery designer to create a "Derby Hat" to wear to Friday evening's "President's Welcome Reception" at Churchill Downs.

**Field Trip to Stoneware and Co.**
A guided tour of one of the oldest stoneware companies in the United States, Stoneware and Co., which was founded in 1815. Be sure to visit the gift shop for stoneware and other exquisite local products, then join us for lunch at the adjacent "The Café" in Paristown Point.

**Saturday, November 12**

**Little Mount Lavender**
With Jason Woodlief 8:30 – 9:30 am
Join Jason Woodlief, the owner of Little Mount Lavender, who will talk about the organic lavender he grows and all the products he has produced. The company works hard to support local and state ingredient suppliers, artisans, and artists.

**The History of Bourbon**
With Michael Veach 9:30 – 10:30 am
Bourbon Veach LLC owner and Kentucky Bourbon Hall of Fame member Michael Veach joins us to discuss the rich history of bourbon.

**Field Trip Lunch With Lelia**
11:00 am
Alliance President Lelia Sublett has planned a six-course luncheon at her historic home in Anchorage, KY. She will go over each recipe in detail and you will receive a copy of the recipes to take home. Lelia is an extremely knowledgeable chef and has been teaching a cooking class for the University of Louisville's Women's Organization for nearly 20 years.

**Sunday, November 13**

**Author GT Hawkins** 8:30 – 9:30 am
GT Hawkins is the author of Lake House Cabal, The Cabal Lives and The Cabal Legacy. GT has a law degree and has traveled the world in his profession. You will enjoy hearing how the story developed into three books.

**Alliance Kids:**
**Author Virginia Davis** 9:30 – 10:30 am
Virginia Davis has published two children's books, The Irises Secret and The Flowers on Apple Hill. She also created her own publishing company, Kabewi Publications. You will have an opportunity to hear her story and purchase her books at the Hospitality Suite.

**Alliance Luncheon**
Noon – 3:00 pm
Registration Required • Fee: $30
Spouses and Alliance members are invited to attend the Alliance Luncheon to be held at The Seelbach Hilton Hotel.

**About the Alliance**

**Who We Are**
The Alliance is a component of the American College of Allergy, Asthma & Immunology. We are composed of men and women dedicated to bringing our members into a more active affiliation with the educational and cultural mission of the College by establishing scholarships and travel grants for young ACAAI investigators.
Product Theaters

These are commercial presentations conducted by exhibiting companies in specially constructed theaters on the exhibit floor. There are four Product Theaters located in the Exhibit Hall (Upper Concourse) of the Kentucky International Convention Center where a limited number of 25-minute and 85-minute sessions will be presented each day during the refreshment and lunch breaks. Product theaters are non-CME forums organized by industry and designed to enhance your learning experience.

Saturday, 9:35 – 10:00 am

**Exploring Severe Eosinophilic Asthma: A Case-based Approach**
Supported by AstraZeneca
Presented by: Priya Bansal, MD
AstraZeneca invites you to investigate the role of eosinophils in severe eosinophilic asthma. An interactive case-based presentation will be used to help attendees recognize eosinophilic asthma in clinical practice and connect eosinophilic inflammation to asthma exacerbations, reduced lung function, and the need for steroid bursts. Attendees will learn about a targeted approach for addressing eosinophils in the treatment of severe eosinophilic asthma.
Also visit AstraZeneca at Booth #815.

Saturday, 9:35 – 10:00 am

**Evolution of the Prevention and Treatment of Peanut Allergy in Young Children**
Supported by DBV Technologies
Presented by: Professor Gideon Lack, MD, J. Andrew Bird, MD
This program will focus on evidence from prevention and treatment studies of peanut allergy in young children. Additionally, panelists will discuss how a greater understanding of the immune response to peanut in infants and toddlers may impact current and future clinical practice.
Also visit DBV Technologies at Booth #804.

Saturday, 11:35 am – 1:00 pm

**Clinical Evidence for the Selection of Inhaled Triple Therapy for the Management of Adults With Asthma**
Supported by GSK
Presented by: Autumn Burnette, MD
Join an expert panel of allergists to discuss treatment approaches in patients with asthma who remain symptomatic on ICS/LABA therapy. Practical approaches to identify these patients will be discussed, along with the latest evidence for the use of triple therapy for the maintenance treatment of adult patients with asthma.
Also visit GSK at Booth #835.

**TEZSPIRE (tezepelumab-ekko): A Clinical Overview**
Supported by Amgen and AstraZeneca
Presented by: Katharine Woessner, MD
Please join Amgen and AstraZeneca as they share a different approach that may shift your point of view. Our expert will cover the efficacy and safety data and how it may apply in clinical practice.
Also visit Amgen and AstraZeneca at Booth #1023.
Product Theaters

These are commercial presentations conducted by exhibiting companies in specially constructed theaters on the exhibit floor. There are four Product Theaters located in the Exhibit Hall (Upper Concourse) of the Kentucky International Convention Center where a limited number of 25-minute and 85-minute sessions will be presented each day during the refreshment and lunch breaks. Product theaters are non-CME forums organized by industry and designed to enhance your learning experience.

Saturday, 11:35 am – 1:00 pm

2. Join Pfizer: Learn About an Oral RX Treatment for Moderate-to-Severe Atopic Dermatitis

Supported by Pfizer, Inc.

CIBINQO™ (abrocitinib) for adults with refractory, moderate-to-severe atopic dermatitis. Pfizer Inc., invites you to an engaging, non-CME, educational program during which an atopic dermatitis expert will discuss the efficacy and safety profile of this treatment option, helping you determine its appropriateness for your patients. Full PI available at CIBINQOPI.com.

Also visit Pfizer, Inc. at Booth #1016.

3. Preventing HAE Attacks With an Oral Therapy: Clinical Insights and Real-World Experience

Supported by BioCryst Pharmaceuticals, Inc.

Presented by: Mark Davis-Lorton, MD

Join us as a leading expert in HAE discusses an oral therapy to prevent HAE attacks. Learn about the efficacy and safety of this treatment, how it can be initiated in patients, including important considerations for switching from other prophylactic agents, and real-world experience.

Also visit BioCryst Pharmaceuticals, Inc. at Booth #1049.

Saturday, 11:35 am – 1:00 pm

4. Evolving Science of IgE

Supported by Genentech, a member of the Roche Group

Presented by: Dennis Ledford, MD
Syed Mustafa, MD

This Trivia Challenge is a fun, interactive way to reinforce the importance of targeting IgE in allergic asthma and nasal polyps. The game show format allows conference attendees to compete while they learn about the evolving science of IgE.

Also visit Genentech, a member of the Roche Group at Booth #823.

Saturday, 2:35 – 3:00 pm

1. Unburdening Asthma: Simple Insights Into a Challenging Problem

Supported by AstraZeneca

Presented by: Autumn Burnette, MD

This overview of asthma in the United States acknowledges the burden of disease and explores a potential window of opportunity to identify and address asthma exacerbations.

Also visit AstraZeneca at Booth #815.

Product theaters are non-CME forums organized by industry and designed to enhance your learning experience.

**Saturday, 2:35 – 3:00 pm**

**Navigating Complex Cases in Rare Eosinophilic Diseases: EGPA and HES**

*Supported by GSK*

*Presented by:*
Thanai Pongdee, MD

Eosinophilic granulomatosis with polyangiitis (EGPA) and hypereosinophilic syndrome (HES) are rare eosinophilic disorders that present similarly and present a diagnostic challenge. Join an expert allergist-immunologist for an interactive, case-based discussion that will highlight the role of multidisciplinary collaboration in facilitating and expediting the diagnosis and management of these heterogeneous diseases.

*Also visit GSK at Booth #835.*

**Hiding in Plain Sight: Inborn Errors of Immunity (IEI)**

*Supported by Pharming Group NV*

*Presented by:*
Jason Raasch, MD

While each IEI is rare, as a group of diseases, they are not rare. If you haven’t seen one yet, you almost certainly will. How will you spot them? In this changing landscape, accurate diagnosis is key and may alter your management, which could mean comanaging care or changing treatment.

*Also visit Pharming Group NV at Booth #1234.*

**Sunday, 9:35 – 10:00 am**

**Challenges Associated With Respiratory Viral Infections in Patients With Primary Immunodeficiency: An Expert Discussion & Real-World Experience**

*Supported by ADMA Biologics*

*Presented by:*
Bob Geng, MD

The expert discussion will focus on the challenges associated with respiratory viral infections and key considerations for managing patients with primary immunodeficiency. ASCENIV™, an approved IVIG with a unique composition will be introduced, including real-world experience.

*Also visit ADMA Biologics at Booth #954.*
Product Theaters

These are commercial presentations conducted by exhibiting companies in specially constructed theaters on the exhibit floor. Product theaters are non-CME forums organized by industry and designed to enhance your learning experience.

**Sunday, 9:35 – 10:00 am**

**Product Theater 2**

Optimizing Topical Treatment of Nasal Polyposis: Role of XHANCE in Stepped Care

**Supported by Optinose**

**Presented by:**
Dareen Siri, MD

Identify key differentiating features of the Exhalation Delivery System™, reviewing efficacy and safety data for XHANCE. Discuss the treatment algorithm for nasal polyps, and use of XHANCE for: patients whose symptoms do not resolve with a standard nasal steroid spray; optimizing topical treatment before escalating care; and medical management post-surgery.

*Also visit Optinose at Booth #435.*

---

**Sunday, 11:35 am – 1:00 pm**

**Product Theater 1**

Systemic Mastocytosis: MASTering a Complex Disease

**Supported by Blueprint Medicines**

**Presented by:**
David Kaufman, MD

Join as Dr. Kaufman discusses Systemic Mastocytosis and the critical role allergists/immunologists play in the diagnostic workup.

*Also visit Blueprint Medicines at Booth #405.*

---

**Product Theater 3**

Eosinophilic Esophagitis: Discover a New Treatment Option for Your Appropriate Patients

**Supported by Sanofi and Regeneron**

**Presented by:**
Maya Devi Srivastava, MS, MD, PhD

Start your morning learning about an exciting new advancement in the treatment of eosinophilic esophagitis. An expert will walk us through clinical data, an example of an appropriate patient, and answer your questions.

*Also visit Sanofi and Regeneron at Booth #1107.*

---

**Product Theater 2**

Choosing a Targeted Biologic for Your Patients With Severe Eosinophilic Asthma or Chronic Rhinosinusitis With Nasal Polyps: Considering Clinical Trial Data and Real-World Evidence

**Supported by GSK**

**Presented by:**
Maeve O’Connor, MD

Join us for an expert-led discussion presenting clinical trial data and the latest real-world evidence for treating severe eosinophilic asthma with a targeted biologic treatment. You also will hear about the data supporting the use of a biologic treatment in chronic rhinosinusitis with nasal polyps (CRSwNP).

*Also visit GSK at Booth #835.*

Sunday, 11:35 am – 1:00 pm
Type 2 Inflammation: Discussing the Clinical Implications of Uncontrolled Type 2 Inflammation
Supported by Sanofi and Regeneron
Presented by:
Leonard B. Bacharier, MD

Spend your lunch break with us as we discuss the clinical relevance of Type 2 inflammation and the impact it may be having on your patients. Hear about the implications of uncontrolled Type 2 inflammation and atopic march in select diseases, including Asthma, Atopic Dermatitis, CRSwNP, EoE, and COPD.

Also visit Sanofi and Regeneron at Booth #1107.

Sunday, 11:35 am – 1:00 pm
Integrating Digital Health Technology and Remote Patient Monitoring in Asthma Care
Supported by Teva Pharmaceuticals
Presented by:
John Allen Meadows, MD
Priya Bansal, MD

In this program, Dr. Meadows will discuss the use of objective data from the Digihaler System, including results from the first study of its kind, CONNECT 1. The program also will explore opportunities to integrate digital health and remote patient monitoring in a discussion led by Dr. Bansal.

Also visit Teva Pharmaceuticals at Booth #923.
Exhibit Hall (Upper Concourse) • Kentucky International Convention Center

Exhibit Hours:
2:00 – 6:00 pm, Friday
9:00 am – 4:30 pm, Saturday
9:00 am – 1:30 pm, Sunday

Gold Partner

AbbVie Commercial
Booth 843
Product Category: Pharmaceuticals
26525 N. Riverwoods Blvd.
Mettawa, IL 60060
Phone: (224) 358-7407
Website: abbvie.com
Contact Name: Temple Daly
Contact Email: temple.daly@abbvie.com
AbbVie’s mission is to discover and deliver innovative medicines that solve serious health issues today and address the medical challenges of tomorrow. We strive to have a remarkable impact on people’s lives across several key therapeutic areas: immunology, oncology, neuroscience, eye care, virology, women’s health and gastroenterology, in addition to products and services across its Allergan Aesthetics portfolio. For more information about AbbVie, please visit us at www.abbvie.com. Follow @abbvie on Twitter, Facebook, Instagram, YouTube and LinkedIn.

ADMA Biologics
Booth 954
Product Category: Immunotherapy; Pharmaceuticals
5800 Park of Commerce Blvd
Boca Raton, FL 33487
Phone: (201) 478-5552
Website: admabiologics.com
Contact Name: Chiraag Bhadana
Contact Email: cbhadana@admabio.com
ADMA Biologics is an end-to-end commercial biopharmaceutical company committed to manufacturing, marketing and developing specialty plasma-derived products for the prevention and treatment of infectious diseases in the immune compromised and other patients at risk for infection. Our devotion to these underserved populations fuels us, and our hands-on approach to production and development sets us apart.

Advocacy & Awareness for Immune Disorders Association (AAIDA)
Booth 637
Product Category: Patient/Public Education; Physician Education
6201 Fairview Road
Suite 200
Charlotte, NC 28210
Phone: (704) 993-8389
Website: GoDoAaida.org
Contact Name: Lauren Dunlap
Contact Email: ldunlap@godoaaida.org
Since 2017, AAIDA has been dedicated to patients living with immune dysregulation conditions with a focus on advocacy campaigns, educational initiatives and research opportunities. AAIDA also provides patients and healthcare providers assistance with insurance issues/denials and medication assistance programs available across the U.S. AAIDA’s Vision is to propel research that will ultimately lead to cures for immune disorders.

*First time exhibitors
Aimmune Therapeutics, a Nestlé Health Science Company, is a biopharmaceutical company developing and commercializing treatments for potentially life-threatening food allergies and other food-related conditions, including gastrointestinal conditions. Aimmune Therapeutics has one FDA-and EU-approved medicine for peanut allergy and other investigational therapies in development. For more information, please visit www.aimmune.com.

ALK-Abelló, Inc is a global, research-driven pharmaceutical company focused on the prevention, diagnosis and treatment of allergies. Our products and services include SLIT-Tablets, Allergy Extracts, Penicillin Allergy Skin Testing, Diagnostic Controls, Skin Testing Systems, Sterile Empty Vials, Diluents, Syringes, Trays, and Patient Education Materials.

Allergists For Israel is a non-profit organization promoting collegiality, research and education by establishing an international network of Allergists and Immunologists to enhance communication and interaction with Israeli professional colleagues.

Allergenis specializes in the detection and management of life-threatening food allergies. Based on precision, data-driven diagnostics, Allergenis helps healthcare providers safely assess and monitor patients with food allergies and is amassing the world’s largest database of phenotypic patient data derived from epitope mapping, clinical history, and patient-reported outcomes. Allergenis was founded via a collaboration with Hugh A. Sampson, M.D., Icahn School of Medicine at Mount Sinai. Allergenis owns and operates a CLIA-certified laboratory in Hatfield, Pennsylvania. Level Two

Level Three
The College is accepting proposals for Educational Sessions and Hands-on Workshops that echo the theme of the 2023 Annual Scientific Meeting, and:

- Reflect clinical innovation and cutting-edge research
- Convey best practices
- Present evidence-based medicine
- Stimulate discussion and challenge mindsets

Deadline for submission is: January 9, 2023

[college.acaai.org/23proposals]
Phase 2 Study in Moderate-to-Severe Atopic Dermatitis (AD) (NCT05155085)

A phase 2 randomized, double-blind, placebo-controlled study to evaluate the efficacy and safety of subcutaneous lirentelimab (AK002) in adult subjects with moderate-to-severe AD inadequately controlled by topical treatments.

The study is now recruiting for patients with AD.

Key Inclusion / Exclusion Criteria:
- Male or female, 18-80 years old
- Chronic AD presented for at least 3 years with moderate to severe symptoms
- Eczema Area and Severity Index (EASI) score ≥16
- Involvement of ≥10% of the body surface area
- Investigator Global Assessment (IGA) score ≥3
- Documented recent history of inadequate response to treatment with medications such as topical corticosteroids, calcineurin inhibitors, JAK inhibitors, or PDE4 inhibitors (crisaborole)
- Biologic-naive or biologic-exposed (secondary loss of response, intolerance, or lack of access)

Allakos is conducting a clinical study to test the safety and efficacy of experimental drug lirentelimab for Atopic Dermatitis (AD)

Lirentelimab (AK002) in Atopic Dermatitis

Our lead drug candidate, lirentelimab (AK002), is an investigational antibody designed to target Siglec-8, an inhibitory receptor selectively found on mast cells and eosinophils.

*For a complete list of inclusion/exclusion criteria, please visit clinicaltrials.gov – NCT05155085

This brochure is intended for physician audiences only. Lirentelimab (AK002) is an Investigational medicine whose efficacy and safety profile have not been established. It has not been approved by the FDA or other health authority for any use.
