The Annual Meeting will be made available for FREE to dues-paying College members, FIT/student members, emeritus members and retired members. Current FITs from international fellowship training programs will also be granted complimentary access.
The Changing Practice Landscape
Rising to the Challenge

You’re invited to an exciting virtual experience! Plan to attend the 2020 virtual ACAAI Annual Scientific Meeting, Nov. 13 – 15, from your comfort zone. Our meeting is planned with attendees in mind, and over 100 hours of educational programming will be offered during this year’s three-day event. Join us for a fun, interactive and stimulating educational experience.

The ACAAI Program Planning Committee’s goal is to provide sessions with practical tips you can effectively implement into practice. Experts in allergy, immunology and related fields will offer insight and guidance for clinical conundrums allergists face daily in practice.

On the meeting’s platform, attend recorded and live sessions with Q&A, view video e-posters and visit the virtual exhibit hall. And you won’t miss out on networking! There will be opportunities to connect with friends and colleagues.

Our “Not on Thursday” programs give the latest information on two fronts: the diagnosis and treatment of cough and the utilization and cost-effectiveness of biologics for various allergic conditions. Expert plenary speakers will focus on key issues such as payment systems; approaches to diagnostics and testing; and implementing clinical guidelines. The ongoing impact of COVID-19 will be addressed on many fronts, including the impact on our patients and our practices.

Tune in for favorites such as the Literature Review session, Continuous Assessment Program (CAP) Review, Allied Health and Practice Management programming, and the Pediatric 7 for 11 rapid-fire update. Explore topics such as SLIT vs. SCIT, vaping and e-cigarettes, peanut immunotherapy options, management of nasal polyps and more!

Enjoy valuable interactions with clinical and research leaders and networking with colleagues. No matter which stage of your career – in training, newly practicing, seasoned allergist – or anywhere in between, there is something for you.

Don’t forget to include your allied health and office administration staff. There are programs designed especially for their development.

Virtual Session Types

**LIVE**
Join these sessions at the posted start times to view the presentations and participate in live online discussion. Can’t attend at the designated time? Live sessions will be recorded and posted for viewing within 12 hours.

**RECORDED**
Watch and join these prerecorded sessions as they become available throughout the day, or view them anytime afterwards at your leisure.

**RECORDED+**
Tune in to these sessions during their scheduled time to join in the online chat with session faculty.

Registration
Registration includes:
- Access to all live and prerecorded sessions until February 6, 2021.
- Access to the Annual Literature Review Course.*
- Access to the Allied Health and Practice Management Courses.**
- Access to cutting-edge research through abstracts and e-posters.
- Access to the virtual exhibit hall until February 6, 2021.
- Virtual networking and social opportunities during the event.

*In order to attend the full-day Annual Literature Review Course, you must select it on the Optional Workshops page when you register. ($75 additional fee for nonmembers, international affiliate members and Alliance members.)

**In order to be eligible for educational credit for the Allied Health Professionals Course and the Advanced Practice Health Care Providers Course, you must select these on the Optional Workshops page when you registers.

For more information about registration, including fees for international affiliate members, Alliance members, and nonmembers, visit annualmeeting.acaai.org.

Session Details
Full details for all sessions (including descriptions and learning objectives) are available online at the ACAAI Annual Meeting website.

Tracks
To make it easier for participants to identify Annual Meeting sessions that are relevant to their practice, the College has identified nine critical areas for allergy and immunology. These nine areas make up the Annual Meeting Track System.

Education Information
This activity is supported by educational grants from commercial interests. Complete information will be provided to participants prior to the activity. Educational credit will be available to attendees. Complete details about accreditation and credit designation are available online.

Special Needs
In compliance with the Americans with Disabilities Act, ACAAI requests that participants in need of special accommodation submit a written request to ACAAI well in advance.
General Information

Break Time!
Just like during the live Annual Meeting, we’ve scheduled break times as part of our virtual experience. Take advantage of your breaks and lunch to join us for:

Virtual Exhibit Hall
The virtual exhibit hall opens at 9:30 am CST on Friday, November 13. Chat with industry representatives during meeting hours, or drop in anytime to view exhibits.
Exhibits will remain viewable through February 6, 2021 following the Annual Meeting.

E-posters
E-posters go live at 9:30 am CST on Friday, November 13 and are accessible on demand. Search for specific topics or browse at your leisure.
E-posters will remain viewable on demand for 6 months following the Annual Meeting at epostersonline.com/acaai2020.

Industry Programs
These non-CME commercial presentations and promotional sessions are organized by industry and designed to enhance your meeting experience. All attendees are invited to attend these sessions, which are scheduled at the start and end of each day and during break times between educational sessions.
Industry programs will remain viewable on demand through February 6, 2021 following the Annual Meeting.

Annual Scientific Meeting FAQs

Q During what hours will the sessions take place?
A The virtual meeting program will be held on the following dates. All times are in Central Standard Time (CST).

**Friday, November 13th**
7:30 am (CST) – 7:00 pm (CST)

**Saturday, November 14th**
7:00 am (CST) – 7:15 pm (CST)

**Sunday, November 15th**
7:00 am (CST) – 5:30 pm (CST)

(Times are subject to change. Visit the Annual Meeting website for the most up-to-date information available.)

Q I want to watch a session, but I have a conflict at the time it is scheduled for. Can I catch up later?
A Yes! Recorded sessions become available immediately at the listed time and can be viewed at your leisure. Live sessions will be recorded and made available for viewing within 12 hours.

Q Will there be live Q&A during the sessions?
A Select live sessions will include Q&A following the presentations. Recorded+ sessions will include online chat with session faculty following the presentations.

Q If I’m an ACAAI member entitled to free access, do I need to register?
A Yes, in order to access the virtual Annual Meeting, members must register. Don’t forget to select the Annual Literature Review Course, Allied Health, and Advanced Practice programs on the Optional Workshops page if you plan to attend these.

Q I’m not an ACAAI member. Can I attend the virtual meeting?
A Yes! As always, nonmembers are welcome to attend. Additional fees apply. Interested in becoming an ACAAI member? Learn more about the benefits of membership and find your place.

Q Can I still earn educational credit from the virtual Annual Meeting?
A Yes, physicians and nurses can still earn credit for attending by completing the session evaluations and claiming credit. Due to the virtual format of this year’s Annual Meeting, ACAAI will not be designating any 2020 Annual Meeting sessions for MOC Part II Self-assessment Credit. However, you’ll find other opportunities to earn MOC Part II Self-assessment Credit at the College Learning Connection. Important: Allied health and advanced practitioners who wish to receive educational credit must select the Allied Health Professionals Course and/or the Advanced Practice Health Care Providers Course on the Optional Workshops page when registering.

Q How long after the end of the virtual meeting will I be able to access content like recorded sessions, e-posters and exhibit booths?
A Online access to the ACAAI Annual Scientific Meeting, including all recorded sessions and the virtual exhibit hall, will be available until February 6, 2021. Online access to the E-posters will be available for six months following the end of the ACAAI 2020 Annual Meeting.
